TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town of Peterborough on Tuesday, the eighth of March next at eight of the clock in the forenoon, (Polls close at 6:00 P.M., unless otherwise voted) to act upon the following subjects:

Article 1. To choose all necessary Town officers for the year ensuing.

Article 2. To raise and appropriate such sums of moneys as may be necessary for the Town Officers' Salaries, Expenses and Election and Registration, Peterborough District Court, Town House, Police Department, Fire Department, Civilian Defense, Care of Trees, Health Department, Town Dump, Vitals, for laying out and repairing of the Highways, Street Lighting, Old Age Assistance and Town Poor, Memorial Day, Adams Playground and Pool, Putnam Park, Cemetery, Town Library, Town Water Charge, Monadnock Region, Town Planning Board, and for any other charge arising within the Town.

Article 3. To see what sums of money the Town will vote to raise and appropriate toward paying the Town Debt and Interest.

Article 4. To see if the Town will vote to accept legacies and gifts to the Town in trust or otherwise by any individual or individuals.

Article 5. To hear the Reports of Agents, Auditors and Committees or Officers heretofore chosen and to pass any vote relating thereto.

Article 6. To see if the Town will vote to raise and appropriate the sum of Twelve Hundred Ninety-Five Dollars and Seven Cents (\$1,295.07) provided the State gives Eighty-Six Hundred and Thirty-Three Dollars and Seventy-Nine Cents for the construction of Class IV and V Highways.

Article 7. To see if the Town will vote to authorize the Selectmen to purchase a new Police Cruiser and ex-

change the present one, and raise and appropriate a sum of money to pay for the same or take any other action relating thereto.

Article 8. To see what sum of money the Town will vote to raise and appropriate to rebuild the so-called Noone's Bridge, or take any other action relating thereto.

Article 9. To see what sum of money the Town will vote to raise and appropriate and to authorize the Selectmen to purchase a new Highway Truck and exchange the present one, or take any other action relating thereto.

Article 10. To see if the Town will authorize the Selectmen to extend the Fire Alarm System (fire alarm boxes) to West Peterborough from Scott-Winn Road, and to include Windy Row, MacDowell Road (west), and Spring Road.

Article 11. To see if the Town will authorize the Water Commissioners to alter the water route to South Peterborough by way of Noone Ave., and Cornish Rd., instead of Powersbridge Route, or take any other action relating thereto.

Article 12. To determine whether the majority of this Town's registered voters, in the interest of greater participation, wish to have all Annual and Special Town Meetings held in the evening.

Article 13. To see if the voters of the Town will authorize the Selectmen to appoint a committee to work with them to study Modernization and Reorganization of the entire Town Government and Water Department and to report and recommend to the 1967 Annual Town Meeting, or take any other action relating thereto.

Article 14. To see if the Town will accept the Provisions of RSA 36-A to authorize the Selectmen to appoint a Conservation Commission.

Article 15. To see what sum of money the Town will vote to raise and appropriate for the construction of a sidewalk on Elm Street from Winter Street to State Highway 101; or take any other action relating thereto.

Article 16. To see if the Town will vote to authorize the Selectmen as Water Commissioners to withdraw from the Peterborough Water Department Capital Reserve Fund such sums of money that might be necessary as an emergency for expenses of the Water Department for the year 1966 only, or take any other action relating thereto.

Article 17. To see if the Town will vote to adopt the following ordinance (a) Setbacks (b) Fire Ruins (c) Minimum Lot Size (d) Penalties, or take any other action relating thereto as proposed by the Planning Board.

Article 18. To see if the voters of the Town will authorize the Board of Selectmen to appoint a Study Committee to see if the Town should acquire property and construct a new Fire Station, or add to and remodel the present Fire Station, and to submit a report of their findings and/or other recommendations relating thereto at the 1967 Annual Town Meeting. The committee to consist of two (2) members of the Fire Department, and three others designated by the Selectmen.

Article 19. To see if the Town will accept the Mobile Home Ordinance, as proposed by the Planning Board, or take any other action relating thereto.

Article 20. To see what sum of money the Town will vote to raise and appropriate for the planting of trees under the direction of the Conservation Commission, or take any other action relating thereto.

Article 21. To see if the Town will vote to authorize the Selectmen to obtain an option or options for the purchase of approximately 40 acres of land on the west side of the Contoocook River between the Contoocook River and Hancock Road in North Peterborough for the site of sewage treatment facilities and the necessary access thereto from Hancock Road and also to obtain the necessary sewer easements for the construction, operation and maintenance of a sewerage system for the Town of Peterborough; and to see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) for that purpose.

Article 22. To see if the Town will vote to authorize the Selectmen to file in behalf of the inhabitants of the Town, an application in form and manner required by the United States Government, and in conformity with P. L. 560, 83rd Congress as amended by P. L. 345, 84th Congress and do whatever else may be required to obtain an advance to be made by the United States to the Town of Peterborough to aid in defraying the cost of final plans and specifications for the construction of sewerage collection and treatment facilities.

Article 23. To see if the Town will vote to continue the Sewer Study Committee and authorize the Selectmen to appoint six members to serve for a period of one year.

Article 24. To see what sum of money the Town will vote for use by the Sewer Study Committee to identify and determine the sources within the town ship from which pollution is contributing to the Contoocook and Nubanusit Rivers and of recommending or designing facilities for the abatement thereof, and to determine how the proposed sewer system will be financed and administered, and to further determine what method of taxation is to be used in allocating costs of said system, or take any other action relating thereto.

Article 25. To see what sum of money the Town will vote to raise and appropriate to purchase two (2) radios for the Police Department, or take any other action relating thereto.

Article 26. To see what sum of money the Town will vote to raise and appropriate to purchase a Communication System for the Highway Department and Water Department, not to exceed Twelve Hundred Dollars (\$1,200).

Article 27. To see if the Town will vote to instruct our Representatives to the next session of Legislature in Concord, to have prepared and introduced in the General Court, an act to restore the management of the water works in the Town of Peterborough, to the provisions of the original charter, granted by the State of New Hampshire, Chapter 177 of the laws of 1895, and approved Feb. 21, 1895, by striking out the amended section 4 & 5 as amended by the legislature, approved April 15, 1935, and effective May 1, 1935, with the exception: delete from section 4 of the original charter the following:

"No more than two of whom belong to the same political party" and insert in its place this statement:

"None of whom may hold an elective Town Office," thereby restoring the management of the Peterborough Water Works to the provisions of the original charter of 1895, subject only to the above amendment."

The act to take effect July 1, 1967, or to take any other action relating thereto.

Article 28. To see if the Town will vote to legalize Bowling on the Lord's Day pursuant to the provisions of RSA 578:5.

Article 29. To see if the Town will vote to revise the water rates or take any other action relating thereto.

Article 30. To see if the Town will vote to raise and appropriate a sum of money from the income of the Albert

W. Noone, Trust Fund to further improve the Skating Rink this year, or take any other action relating thereto.

Article 31. To see what sum of money the town will vote to raise and appropriate to purchase a street sweeper for the Highway Department or take any other action relating thereto.

Article 32. To see what sum of money the Town will vote to raise and appropriate for the purchase of the following Fire Department equipment: Complete renovation and installation of a new fire alarm board at the fire station, or take any other action relating thereto.

Article 33. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deed.

Article 34. To see what sum of money the Town will vote to authorize the Selectmen and the Town Treasurer. to borrow in anticipation of collection of taxes for the current Municipal Year, and to issue in the name and on the credit of the Town, negotiable notes therefore, said notes to be paid in the current Municipal Year from taxes collected during the current Municipal Year.

Article 35. To transact any other business that may legally come before this meeting.

Given under our hands and seal this twenty-first day of February, in the year of our Lord Nineteen Hundred Sixty-Six.

Article 8 – Rebuilding and Resurfacing Wilder Road to MacDowell Dam—\$2,350.00 – Motion Passed.

Article 9 – Fire Department radios and hose – \$2,830 – Motion Passed.

Article 10 – Redecking Noone's Bridge \$5,000.00 – Amended to be held in Trust until 1966. Passed as amended.

Article 11 – Ncone Bridge, widen and straighten the curve on Powersbridge Road near Noone's bridge – Motion Lost. Amended: to be held in trust until 1966. Amendment Lost.

Article 12 – Installation of new street lights: High Street, Old Dublin Road and corner of Webb Road and Maple Avenue. \$82. 81 – Motion Passed.

Article 13 – Police Cruiser – Motion Passed – Exchange 1964 cruiser for a new 1965 cruiser not to exceed \$900.00 – Motion Passed.

Article 14 – The sum of \$521.70 appropriated for the purpose of completing the payments to the State of New Hampshire for the town's share of cost of State Bridge on Greenfield Road – Motion Passed.

Article 15 – Police Department Radios – Amended to \$1,500.00. Amendment Lost. Original motion passed for \$915.00.

Article 16. New Highway Truck – Exchange old truck for new one at the sum of \$5,800.00 – Motion Passed.

Article 17. Filter Plant at Playground & Pool and to pay for same from balance of Playground Capital Reserve and balance from Noone Fund. — Motion Passed.

Article 18 — Water Supply, Storage Tank, Well and improvements, as recommended by the Camp, Dresser & McKee Report 1964. \$440,000.00 in bonds and withdraw from Capital Reserve Fund \$100,000.00, Yes and No ballot. Yes 197 and No 33. Motion Passed.

Article 19 — Amend Water Charter. To increase the borrowing capacity to a sum not exceeding \$600,000.00 and validate and confirm the action taken under the preceding article. Rising Vote Taken — Yes 158 and No 0. — Motion Passed.

Article 20 — Selectmen to appoint a committee of three to work with the Water Commissioners in making a study of the water rates and the Rules and Regulations and to report and make recommendations to the 1966 Annual Town Meeting. Motion Passed.

Article 21 — Selectmen to appoint a committee to meet with them to study, report and make recommendations at the Annual Town Meeting 1966 regarding the 1959 Sewage Disposal System. Amended to read: A committee of 9 including 3 Selectmen. Motion as amended Passed.

Article 22 — Junk Yard Ordinance. Motion Passed.

Article 23 — Off Street Parking Ordinance. Motion Passed.

Article 24 — Discontinue section Route 136. Motion Passed.

Article 25 — New Street Names. Motion Passed.

Article 26 — Clerk of Court Salary. Motion Passed.

Article 27 — Dispose of Real Estate acquired by Tax Collector's Deed. Motion Passed.

Article 28 — Borrowing in anticipation of Taxes. Motion Passed.

Article 29 — Water Charter Commissioners. Motion Passed.

Article 29 — Water Charges report to be discontinued. Motion Passed.

Article 29 — Change of Time of Town Meeting. Motion Lost.

Article 29 — Estimated Revenues, Motions Passed.

Article 29. Study of Police Communications. Motion Passed.

REPORT OF THE BOARD OF SELECTMEN

This year we would like to draw attention to the important issues facing "Our Town." We thought it would be interesting to draw comparisons for the 10 year period 1955 to 1965 and hence several examples are given along with a recapitulation of the action taken as a result of the 1965 Town Meeting.

In spite of rising costs on almost every front, our fiscal position has remained extremely sound. Of course schools still dominate our budgets accounting for 70% of our total 1965-66 property tax assessment.

Assessments & Taxation

Our position as assessors is to raise by taxation what you vote. Our rate of assessment continues to be 2/3 of true property value. On this basis:

Year	2/3 Assessed Evaluation	Tax Rate/\$100 of Evaluation
1955	\$ 9,407,095	\$3.15
1965	\$17,206,221	\$3.37

One can readily see from the above, the tremendous impact increased property values have had, and will have, on our tax rate. We are keenly aware of the necessity of keeping our growth in good balance. It is encouraging to note at this writing, anticipated expansions at N. H. Ball Bearings and the First National Bank, as well as new construction this year of Fontaine Ford Sales, the Savings Bank and the Electropac addition, not to mention the continued trend in residential construction. We are also mindful of the high interest and dividend tax which is returned for our use by the state after payment by the more affluent members of our community.

How do we compare to New Hampshire towns of population 2,000-4,000? Recently released figures from the state tax commission are shown in the table below.

Comparative Local Property Tax Rates

[Tax Burden Per \$100 of Total (100%)] Property Value

	Census Pop. (1960)	(1960)	(1962)	(1964)
Peterborough	2963	\$2 17	\$2 01	\$2 00
State Average (Towns Pop. 2000-4000)		2 65	2 79	2 64
State Average (All N.H. cities and towns)		2 56	2 72	2 55

Epping	2006	2 34	2 80	3 09
Londonderry	2457	2 22	2 50	2 53
Newmarket	3153	2 31	2 35	2 55
Plaistow	2915	2 43	2 35	2 32
Rye	3244	1 92	2 02	2 06
Seabrook	2209	2 76	2 68	2 63
Farmington	3287	2 52	3 02	2 81
Charlestown	2576	2 64	3 02	2 96
Gilford	2043	1 87	1 70	1 68
Meredith	2434	2 38	2 14	2 04
Tilton	2137	2 98	2 53	2 90
Conway	4298	2 76	3 11	2 56
Wolfeboro	2689	2 05	2 22	1 74
Hinsdale	2187	3 00	3 31	3 06
Jaffrey	3154	2 50	2 54	2 09
Swanzey	3626	3 06	3 69	3 22
Walpole	2825	3 27	3 29	3 17
Winchester	2411	4 13	3 53	4 15
Colebrook	2389	3 58	3 74	3 07
Gorham	3039	2 32	2 30	2 09
Lancaster	3138	3 30	3 26	3 18
Northumberland	2586	2 74	2 74	3 03
Haverhill	3127	3 35	3 87	3 18
Plymouth	3210	2 83	3 29	3 15
Amherst	2051	2 44	2 68	2 42
Bedford	3636	1 90	2 06	2 43
Hillsboro	2310	2 79	2 27	2 48
Merrimack	2989	2 79	3 03	2 36
Pelham	2605	2 24	2 76	2 57
Wilton	2025	2 53	2 80	2 37
Boscawen	2181	2 50	2 88	2 65
Hooksett	3713	2 42	2 73	2 36
Hopkinton	2225	2 27	2 81	2 43
Pembroke	3514	3 18	3 22	2 59
Pittsfield	2419	2 76	2 90	2 79

Hillsborough County Taxes (of which we paid our share) during this period were:

1963	1964	1965
1,436,175	1,513,558	1,600,669

Debt and Interest

Frugality in the right places, exercised in the past, is the cornerstone of the figures above and while we recommend many of the programs necessary for progressive development we should continue to keep our books balanced.

New Hampshire town and city long term capital debt has taken the following trend:

	Town	School	Total
N.H. Towns 1954	15,051,000	10,846,000	25,847,000
N.H. Towns 1964	38,144,000	58,528,000	96,672,000
	UP 2.5 Times	5.9 Times	3.8 Times
*Peterborough 1954	None	430,000 =	430,000
1964	None	276,000 =	276,000
		DOWN 36%	

*Does not include water department which is self liquidating.

Perhaps the greatest impact on all of this will be the next two items. Sound financial management can and must be applied in the years ahead to continue our past records.

Schools

We endorse fully, the recommendations of the Hampson Committee (located in this town report) and urge our area study committee to implement its recommendation.

Sewer

We urge you to vote affirmatively on articles recommended by your Sewer Advisory Committee. We feel this is the year to get this much needed program off the ground. The engineering and land taking should take place over the next 2-3 years putting us in a position to seriously consider starting the program, after a vote of the town, on further recommendations of the Sewer Study Committee in the years ahead.

Planning

This area still needs much work. We will ask the Planning Board to take on the task of submitting ordinances which will protect the essential beauty of our town while still providing opportunity for economic growth. Recent debates on zoning should make it clear to this Board what the voters want and don't want in the way of ordinances. Let us proceed to "reason together", not separately.

Highways

The water contractors will return this spring to restore our streets to a satisfactory condition. Your patience has been appreciated. Street signs for the compact area of town outward will again be tackled on a staged basis.

All missing town line signs will be replaced on a shared basis with neighboring towns.

It has been suggested that we have a spring clean-up of our roads this year with town and volunteer trucks staffed by volunteers to clear away the aftermath of winter: cans, bottles and refuse. We hope to carry this out.

Junk Yards

This year new town, state and federal laws were placed in effect regarding junk yards and dumps. None of those existing qualified, nor were licensed in 1965. It looks like the new federal law will not make it possible for the two that did file applications to comply, so action will have to be taken to assure compliance.

Five yards in violation were cleaned up after action by the Board with the help of newly appointed Town Counsel, Henry Franklin. We have been notified that the 1965 Federal Highway Beautification Act will mean modification of the dump. We will study this in 1966 with various advisors and committees.

MacDowell Reservoir Recreation

Possibilities were explored further this year with state and federal authorities. At this point it is being kept open for discussion prior to submission of a plan to the voters.

Recreational Center and Director

We will ask the Playground Committee to study this area again this year and bring in their recommendations to the next town meeting. Our teen-agers and youth deserve to at least, have this area explored.

Conservation Commission

We are asking you this year to give us the authority to appoint such a commission. 25 N. H. towns have already done so to be eligible for the states share of "Federal Park Use Fees" for conservation and recreation purposes. The unassigned kitty allocated to N. H. now stands at \$900,000.

Radio Study Committee

We recommend the adoption of the Radio Study Committee suggestions and thank its members for their efforts, especially "73 Magazine" and Mr. Green its president for his generous contribution of time and equipment.

Modernization of Town Government

In 1962 the Selectmen's Public Works Merger Study Committee had many of its recommendations accepted. We know now that this has been successful but that more is needed. We are recommending this year that a full scale review of our town government, and how its functions could be made more efficient be undertaken by a special Advisory Study Committee appointed by the selectmen. In addition we will ask the N. H. Municipal Association to work with us. What the results will be is difficult to assess at this time, however, we feel that with the approaching build-up of commissions and committees we will have too much "invisible government." We worry about the "no executive type" government where executive power is divided and irresponsibility, inefficiency and "passing the buck", too often rule. We are aware that improvements are needed and soon, however, all town agencies and departments should come under this study so that temporary expediencies will not cause even worse problems. We hope you will support us in this move.

Cooperation

We would like to commend those who served on the many study committees this year. The unselfish time spent has made many improvements possible. Thank you for this constructive assistance.

BUDGET OF THE TOWN OF PETERBOROUGH, N. H.

BUDGET COMMITTEE REPORT, 1966

This committee has found its work greatly increased this year due to the many projects and activities in which the Town is now engaged. Meetings have been held with the Board of Selectmen, School Board, Town Auditors, most department heads, Chairman of the Sewer Study Committee and two members of the Water Rate Study Committee. In addition, members of this committee have been assigned to attend regular meetings of the Sewer Study and Water Rate Study Committees.

A single theme developed throughout all the deliberations relates to the accounting controls of the Town.

The basic duties of the Town auditors which they perform well are as follows:

1. To determine whether revenues have been collected and turned in to the Town Treasurer.
2. To determine whether all expenditures have been properly authorized and are supported by appropriate invoices or payrolls.

The auditors are not charged with the duty to determine whether there is an overdraft in a particular department, or whether expenditures approved by the Selectmen have been duly appropriated by Town Meeting action. Since the Town auditors do not review the books of the Water Department (this is done by the State Public Utilities Commission), they are unable to evaluate the allocation of funds from the Highway Department to the Water Department and vice versa. These allocations are occasioned by the rental of equipment between the two departments.

It is therefore suggested that an independent professional evaluation be conducted with a view to improvement of the auditing and accounting controls.

Increases in the town operating budget have been held to less than \$3,000. In sharp contrast the operating budget of the school department contemplates an increase of some \$21,000 in the assessment upon the Town of Peterborough.

WATER RATES — The water study committee has presented no final recommendation as of the date of this report. On the basis of information available to this committee it believes that an increase in water rates of at least 60% over present rates is indicated for the period commencing April, 1966 and ending April, 1967.

SEWER STUDY — The need for a municipal sewer system is recognized as is the pressure of time to abate

pollution in the town's streams. Approval of the proposals of the Sewer Study Committee is recommended.

HYDRANTS — A need is seen for the establishment of a program of systematic inspection of the fire hydrants. A written record of the results of such inspections should be maintained.

TOWN OPERATING BUDGET

A base budget of \$197,360 is approved. This is an increase of \$2,702 subject to determination of cost of hydrant rentals. The following comments are submitted:

FIRE DEPARTMENT — up \$500. Examination of the needs of the department over the past five years shows that an operating budget of \$9,000 is reasonable.

POLICE DEPARTMENT — up \$1,391.60. This increase is due to a raise in wages for permanent officers of \$10.00 per week and for special officers of \$.15 per hour. The budget committee supports these salary adjustments. The committee has learned that regular officers receive no paid holidays.

PLAYGROUND AND POOL — up \$615 so that a fourth life guard may be engaged.

TOWN SPECIAL ARTICLES

Special Articles call for an appropriation of \$26,211.00. This represents an increase of \$6,604.30 above funds appropriated last year. Approved are:

BRIDGES — \$5,000 to be added to the reserve fund for reconstruction of Noone's Bridge.

FIRE DEPARTMENT — \$1,922 for a new fire alarm control board. Present equipment is over 50 years old. Maintenance costs are high. Also additional alarm boxes cannot be accommodated.

POLICE CRUISER — \$1,000 for replacement of cruiser.

POLICE RADIO EQUIPMENT — Request \$1,189 to purchase new radio equipment. One unit for the cruiser to replace obsolete equipment on the State Police Band and the other unit is a portable transistorized set for the duty officer to carry with him when he is away from the cruiser.

HIGHWAY DEPARTMENT TRUCK — Purchase of a new highway truck together with front mounted hydraulic pump and snow plow, and tail gate sander is approved. Total cost is \$9,100.00.

ROAD SWEEPER — \$2,000 for sweeper attachment.

Part of expense for this equipment will be recouped by rentals.

PLANNING BOARD — Reappropriation of \$850.00 for completion of town map and directories is approved. This project has been pending for over three years. Long range planning of the needs of the fire department and other areas of town activity seems to be in order. It is hoped that the planning board will undertake such study of long range requirements as falls within its jurisdiction. These studies will make easier future decisions regarding capital expenditures.

PLAYGROUND AND POOL — The committee approves the financing of the following projects from the income of the Noone Fund:

1. Paint bottom of pool
2. Seal and paint tennis court
3. Install hydrant
4. Construct a skating rink

TREES — \$1,000 for the planting of trees is approved if a systematic plan of tree restoration has been prepared as suggested last year.

SEWERS — \$2,000 to purchase options on lagoon site and easement for rights of way — \$3,000 for study committee expense.

The request for radios in the highway trucks is not approved at this time as the need for such equipment has not been clearly demonstrated.

SCHOOL BUDGET

The school budget is once again the major burden of the property tax. Since the largest portion of the budget is appropriated as a single lump sum for operating expenses, the latitude and responsibility of the School Board in dispersing these monies is enormous. The Board's burden is heightened by increasing educational demands. It is therefore urged that increased attention be paid to the school budget to assure the best quality educational facilities consistent with the community's ability to support such an institution.

	Budget 1965-66	Budget 1966-67	Increase
Operating expenses	\$544,059	\$595,941	\$51,882
Special articles	12,865	4,325	-(8,540)
Total	556,924	600,266	43,342
Less: Revenue	156,741	174,635	17,894
Raised by taxes	400,183	425,631	25,448

The additions in the operating expenses are due principally to the following increases:

Teachers' salaries	\$28,000
New Teacher	6,000
New Custodian	4,000
Transportation	6,000
Assistant Principal	8,000
Total	\$52,000

Last year the town experienced a substantial increase in teachers' salaries of \$37,500. A further increase of \$28,000 is requested this year. Strong competition for qualified teachers continues. Thus it is necessary to keep salary scales competitive. It is felt that the new schedule is equitable. It is hoped that it can be maintained for a sufficient period to determine its effectiveness in view of the fact that past salary schedules have been discarded after relatively short tenures. The Budget Committee approves the increases represented by the new teacher, new custodian and increased transportation costs.

The budget committee does not approve the expenditure of \$8,000 for an assistant principal. There has been extended discussion with the school board on this issue both this year and last year. This committee has not been convinced that this additional personnel is a necessity.

The special articles are three in number. The first is a request for \$1,125 for a chain link fence at the play area, the second is an appropriation for about \$1,200 for contingencies, and the third is a request for about \$1,200 for Peterborough's share of the cost of the cooperative school study. The committee recommends approval of these articles.

Satisfactory bids for expansion of play area facilities have not as yet been received. It is understood that no appropriation will be requested for this project at this time.

Respectfully submitted,

Robert Alluisi, Chairman
 Gordon Hale
 Richard Pierce

PETERBOROUGH WATER DEPARTMENT REPORT

The 1965 Water Construction Program to create larger reserves and extend the distribution system was started immediately after Town Meeting. The following action was taken:

1. Mr. F. C. Mercer and Martin Keenan were appointed Advisory Water Commissioners to assist us with the new system.

2. A Water Rate Study Committee was appointed, in accordance with a vote of the town, to recommend methods of paying for the \$540,000. Expansion Program and draft revisions to the Water Department regulations. It is included in this Town Report.

3. Dublin Lake was studied at the request of Advisory Commissioners Keenan and Mercer during the month of March with state health officials and was deemed more costly than the \$540,000. expenditure voted by the town due to filtration and supply line costs.

4. Contracts were signed with our engineers, Camp, Dresser and McKee on April 19th after a thorough review of engineering fees, contractual arrangements, land taking and alternative plans. Surveys were commenced immediately.

5. Bids on contracts #1 through #7 were opened and awarded in August after completion of engineering plans and bid preparation. All bids were opened and awarded as well as supervised by our engineers.

6. Legislative approval was given on House Bill #431 introduced by Representative Brown after instructions by the Annual Town Meeting to increase our bonded indebtedness to \$600,000. from \$250,000.

7. \$440,000. water bonds were advertised for bid in November by the Boston Safe Deposit & Trust Company and sold at an interest rate of 3.5% for 22 years. Mr. Keenan handled this assignment well and we are grateful for his assistance.

Construction Progress Report

Contract Number	Contract	% Completion	Scheduled Completion
1	Well	100%	
2	Pump Station	70%	April 1966
2	Tank Foundation	100%	
3	Storage Tank (750,000 Gal.)		June 1966
4	Mains, Concord St.	100%	

5	Mains, Tenney Rd.	100%	
6	Mains, Pine St.		None
6	Cross Country, Webb Rd.		None
6	Powersbridge Rd.		None
7	Elm St.	100%	
7	Tenney Rd., & High St.	100%	
	Vertical Turbine Pump	80%	April 1966

Detailed bid prices, contracts, progress payments and other data are available at the Water Department office for examination. They are too lengthy for inclusion in this report. A final report will be submitted next year when all contracts are completed.

The roads will be repaired by the contractors in the spring. We regret the inconvenience it has caused our citizens but we feel that our decision to press for completion was more important than streets if the drought should continue. As it now stands, our new well will be operational at a rate of 500,000 gals. per day in April flowing to all parts of the town. This exceeds the total now being drawn from both Cunningham Pond reservoir and the South Peterborough well. Land acquisition arrangements and surveys have been completed with Dr. Lee for the tank site and PIDC for the well site.

Before construction started, our backhoe gave up and it was estimated that it would cost \$2,000. to \$3,000. to repair. We made the decision to trade it for a new Michigan. This is for new service installations primarily and not main laying. The Highway Department contracted part of the construction doing PIDC cross country and lower Tenney Road, at an approximate savings of \$15,000. below the lowest bidder.

High Service Area

Unfortunately those experiencing the most grief with our system are those on the Cunningham Pond supply. The soda-ash treatment plant was installed in the spring and periodic flushing started in keeping with prudent conservation of water supply to remove rust. This program will be successful only when the reserves are restored to the reservoir. Then flushing will be commenced once a month, after notification, until residual rust is removed. Not in 3 years has a really adequate flushing been possible. Now with the new well and pumping station as a reserve, all the water in Cunningham can be conserved for high service residents. Results will be the only proof, however, they are on the way with a little luck on rain-

fall. If that fails, Bailey or Town Line Brook may have to be diverted.

Powersbridge Vs. Noone Avenue Route

Last year the voters approved Powersbridge as the South Peterborough reinforcement route. Time didn't permit its construction. In the meantime we conceived of an alternate route which would have the potential of more future customers to pay for its costs. Both plans will be presented again this year for your vote. Details will be prepared by Camp, Dresser and McKee. It will be your decision as to what route is the most feasible.

Water Department Management

This problem has occupied our thoughts constantly this year. We have reviewed several proposals for proper management and will have a presentation for your consideration at Town Meeting.

64		209 00		\$10 00	90 00		309 00
65					28 00		28 00
Total	\$201 61	\$1,879 02	\$286 66	\$10 00	\$145 00	\$78 00	\$2,600 29

The total expenditures in 1965 for old age assistance and aid to disabled appears as a decrease of approximately \$1,000. over 1964. This figure is misleading, because only 10 monthly payments were forwarded to the State of New Hampshire on the basis of vouchers submitted by them. November and December payments will total approximately \$1,400.

There is little evidence to indicate that the new Social Security Medicare Program will result in any saving to the town within the coming year.

It will be of interest to the residents of Peterborough to know that the total State and Town expenditures for the above programs totaled \$29,797.83 in 1965.

Respectfully submitted,

Fred E. Murray

Overseer of Public Welfare

PETERBOROUGH TOWN LIBRARIAN'S REPORT

For The Year 1965

The statement of policy as drawn up by the Trustees and Librarian early in 1965 has been a positive guide in developing and improving library services to the community of Peterborough. Participation in the State-wide Library Development Program has also contributed in the areas of centralized book ordering and cataloging, book selection, library consultant services, and library science courses. Mrs. Helen Richardson and Mrs. Frances Russ who joined the library staff in August have completed a ten week's course in cataloging held in Keene under the direction of the State Library consultant. The Librarian and Trustees have also benefited from frequent consultation with the State Library which has resulted in the establishment of a comprehensive reference and student division in the Reading Room. Relocation of the Librarian's office has opened up the floor space in the Eben Jones Wing so that a special section has been provided for the little children.

Monthly book exhibits bringing attention to subjects of topical, cultural and recreational interests have been established. Some of the displays during 1965 covered Negroes' civil rights; Albert Schweitzer, the works of John P. Marquand and Joyce Cary, the exceptional child (in conjunction with the Monadnock Council of Retarded Children), ferns and grasses in connection with a handsome collection loaned by the Monadnock Garden Club, and Children's Book Week featured Newberry and Caldecott Award books as well as those recommended for reading aloud at bed-time. Books on curriculum, methods and

national education were given special prominence during National Education Week and reading material relating to the Bill of Rights was shown during December along with topical holiday books. The Library also cooperated with the Historical Society in displaying books by its November guest, Ralph Nading Hill.

Through the cooperation of Mr. Paul Cummings, editor of the Peterborough Transcript, a library column is now being published on the first and third Thursday of each month. In this way, new titles for adults and children are brought to the attention of the reading public as well as news on recordings and special displays.

Cooperation has continued with the schools through loans to teachers, student visits to the Library, selective shelving for designated projects and in up-dating subject areas in the student and adult non-fiction collection.

By attending Story-Time regularly, children of kindergarten and primary school age have become familiar with the Library and are growing aware of what it has to offer. These youngsters are also developing a taste for good literature, good books and good library manners. The Magic Carpet to Make Believe has traveled fall, winter and spring on Tuesdays at 2:40 and 3:20 with an average of twenty-seven boys and girls in attendance. Mrs. Josephine Franklin who joined the Library staff in September has assisted regularly in the story-telling. A substantial increase in the circulation of children's fiction can be attributed to this story time program.

Lists, available for the asking, are always at the Circulation Desk. These include basic classical reading lists for children and adults, books that are Easy on the Eyes and science book lists, as well as a multigraphed history of Fast Day and other items of current or local interest. Current book purchases in the adult and children's collection are posted each month on the bulletin board in the Eben Jones Wing and the Listening Room's acquisitions of records are posted nearby.

In the spring, the Library had Open House during National Library Week and an exhibit in the hall of the U. S. Junior Chamber of Commerce's collection of recommended books for children. During the fall, the Library was an active participant in the bi-centennial celebration of the Reverend Abiel Abbot to whom the Library owes the distinction of being the first tax-supported free public library in the world. This celebration was attended by close to five hundred people and was supported enthusiastically by the town as well as by many from out of state.

It was sponsored by the Peterborough Historical Society, the Unitarian Church and the Peterborough Town Library.

The Library is now a member of the American Library Association, the regional New England Association, and the state-oriented New Hampshire Library Association. Working closely with the latter organization, the Library was host to over seventy librarians and trustees on October 27 for a day-long workshop on current fiction. The Librarian has been associated on the executive level with "Books and Libraries", and the N. H. L. A. and has faithfully attended professional meetings in the organizations and actively contributed to the forming of the Southwest District of the New Hampshire Library Development program.

Capable and dedicated staff members, Mrs. Helen Richardson, Mrs. Vivien Whitney, Mrs. Frances Russ, Mrs. Josephine Franklin, and Miss Marsha Baker, page, have contributed much to the smooth operation of the Library. Mr. Alfred McLaughlin, the custodian, has worked diligently in keeping equipment functioning and in maintaining a clean and attractive building.

By their interest and enthusiasm, Trustees, staff, patrons and friends of the Peterborough Town Library have contributed much to the past year's achievements. The Librarian is deeply appreciative of their help.

Respectfully submitted,

Kathleen Taylor

CONCLUSION

I wish to take this opportunity to express my thanks to the Board of Selectmen, members of the Police Department, members of the State Police, Judge Kenneth A. Brighton, Clerk of Court, Stella L. Sumner, Highway Agent, Robert Martin, Florence Connell, Town Bookkeeper, Merchants and Citizens of Peterborough for the cooperation given me in the performance of my duty as Chief of Police during the past year.

Respectfully submitted,

Arthur G. Jackson

Chief of Police

**REPORT OF THE CHIEF OF THE FIRE
DEPARTMENT OF THE TOWN OF PETERBOROUGH
1965**

Considering the dryness of the year 1965, the Town of Peterborough was very fortunate in that there were no major fires endangering the town. However, it was a busy year for the firemen with fifty-five calls answered by the department. The estimated loss of personal property was \$21,000.

Description of the 1965 fire calls:

Dump Fires	6
Brush Fires	10
House Fires	12

Chimney Fires	2	
Car and Truck Fires	6	
Oil Burner Fires	2	
False Alarms	2	
Mutual Aid (Out of Town)	12	
Electric Appliance Fires	2	
Water Dept. (Flushing Water System)	1	
Total	—	55

We assisted in Mutual Aid calls for Francestown, New Ipswich (3), Greenfield (3), Harrisville, Hancock, Bennington, and Jaffrey (2).

The activities carried on by the chief other than directing the fire fighting are as follows: Inspecting all newly installed oil burners in the town, inspecting all water holes because of the dryness, attending all monthly meetings of the Forest Fire Wardens, attending all monthly meetings of the New Hampshire Fire Chiefs' Association, and attending the Fire Chiefs' Training School at Meadowood in Fitzwilliam, N. H.

All rest homes, the hospital, the school, the motels, and all other public buildings were inspected by me with assistance from Deputy Marshal Herbert Whitney of the State Fire Marshal's office.

This is my final report as Fire Chief for the Town of Peterborough. At this time I wish to thank the firemen and the citizens of Peterborough. My thanks also to the town bookkeeper, the Selectmen, and the tower man at Pack Monadnock.

Respectfully submitted,

Thomas J. Craig

Chief

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the

use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 p.m.
 - c. If burning a field or brush, have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

FIRE RECORD FOR 1965

	Fires	Acres
State	887	1,255
District	160	210 $\frac{1}{2}$
Town	3	$\frac{3}{4}$

HIGHWAY AGENT'S REPORT

As in previous years, the Highway Department had a very active year. Along with our general maintenance and highway construction, the new water projects were constructed by the Highway Department.

General maintenance includes: Care of highways, oiling, snow removal and care of town cemeteries.

General Maintenance

Projects pertaining to maintenance done this year were: Road patching, street cleaning, cleaning culverts, ditches, and catch basins, lining streets, and parking lots, painting bridges and railings, care of gravel roads and signs.

Throughout the past two years the Department has

been purchasing new street signs for the town. We hope to mark all streets and roads this way.

Surfacing of Roads

Surfacing of town roads is done with asphalt and sand. The town department has surfaced 27 miles of town roads this year.

The oiling was done mostly on outside areas, due to the new water installations.

Snow Removal

Snow removal in the past few years has been improved. The removal and plowing routes have been increased steadily over the years, due to new streets and school routes that have to be open at the same time.

The removal is done by pushing snow to the rivers. There is very little snow trucked, which is an expensive way to move snow. Due to the increase of traffic, we move snow at night. Many sections are done the day it storms. It is felt that with this method, removal can be done in half the time with little hindrance to traffic which has always bothered.

Town Cemeteries

Other projects of the Highway Department include maintenance of town cemeteries, which comprises mowing, trimming and regrading cemetery lots.

This year the department has graded eighty new lots, which will be ready to sell in the spring. This project has worked out very well with this department.

Betterment Projects

New drainage and gravel work was done on South Bennington Road to town line, Old Greenfield Road to Johnson's residence, and on Old Town Farm and Condyl Hill roads. The roads were surfaced with asphalt penetration to make winter maintenance easy.

Special Projects

Wilder Road was widened and graveled which will make some improvement for the traffic to MacDowell Dam.

The landscaping and surfacing will be finished this spring.

Sidewalk Construction

During the past year the sidewalks were rebuilt and surfaced on Vale Street, Granite Street and Vine Street with a Hot Top Bituminous mix.

Water Department Main Line Extensions

In the past summer, the Highway Department has been busy doing their part of the new water extension. The Highway crew did the following projects:

Old Street Road, Scott Taylor's to Hospital

Wilton Road – 202, Welch's to Sweeney residence on
202

Elm Street Extension to Fontaine's Garage

Currier Avenue to new well

Tenney Road – from MacDowell Colony to new well

Electropac new building extension

These were all completed along with regular water services.

Class V Highways (T.R.A.)

Sand Hill Road was surfaced with Hot Top Bituminous mix. This was the top surface to complete this project to the state specifications.

At this time I wish to thank all individuals and all departments, who have contributed in any way to make the Highway Agent's job easier. It has been a pleasure to serve the people of Peterborough.

Respectfully submitted,

Robert E. Martin

Highway Agent

COMMITTEE REPORT ADAMS PLAYGROUND 1965

The 1965 playground program has ended and the Committee would like to report to the citizens of Peterborough the successes that took place in the year 1965.

The most important project was the installation of a complete filter system installed by The Ducharme Co., Inc., of Leeds, Massachusetts, the largest and most professional of swimming pool installers. The Committee is proud to report that this \$11,018. project was done with-

out the levying of additional new taxes. Over the years the people have raised through Capital Reserves \$7,500 of which interest was accrued in the amount of \$600. We asked for \$3,000 from the Arthur Noone Fund so that the complete installation was done at no extra cost to the Town of Peterborough, and we congratulate the people of Peterborough on their foresight in raising the \$7,500. We invite the public to inspect this installation and we sincerely hope that this system will last as long as the old system installed in 1936.

Other projects completed in 1965: All buildings repainted, purchase of new games equipment, new tennis nets, new hoses for skating rink, and many improvements to the grounds, too numerable to mention.

Terence Lowe, our Director, did his usual fine job of running an excellent swimming program and we are sure that 1966 will exceed 1965.

The annual Major A. Erland Goyette Memorial Awards were presented for the third year. The lovely silver trophies donated by Mrs. Goyette are presented each year. The winners last year were Todd Silegy and Joyce Jarest. These winners received engraved plaques as a memento of their achievements and their names are engraved on the two silver trophies. This award is given to the outstanding boy and girl swimmer at the pool, and we sincerely hope that his competitive incentive will continue for many years.

Mrs. Barbara Rowe, Physical Education teacher at the Peterborough Consolidated School had a very active tennis program which concluded with a tournament for children and adults. We sincerely hope that this tennis program will continue in 1966.

Miss Jane Silverman did an excellent job at the Arts and Crafts hut and many projects were undertaken. We hope to expand on this program next year.

Arthur Blair, with the help of Larry Kemp, did an excellent job of maintenance on the grounds and we express our appreciation for their services.

Richard Cuddihee, Julie Odell Barker, Pete Koehler, life guards at the pool, did an excellent job, but we recommend for 1966 that four life guards be on duty at all times, since we have counted over 250 children in the pool at one time on different occasions.

Debbie Bowen we thank for her fine job as bath house attendant.

We wish to thank Virginia Clark for her motherly attitude and advice to the children during her stay at the playground.

The Committee has these recommendations to make for the coming year 1966:

1. That the skating area be moved from the tennis courts to an area between upper Union Street and the tennis courts and a hydrant be installed so that no further damage will be done to the tennis courts.

2. That the tennis courts be resurfaced and relined.

3. That the interior of the swimming pool be repainted.

Money for the above recommendations to come from the Arthur Noone Fund.

In closing we wish to thank the following people who played a part in the success of our efforts: The Selectmen, the Police Department, the Firemen, business men who loaned their equipment and gave of their time. We wish to thank all of the parents who donated their time to help make this year a success.

Respectfully submitted,

Lawrence C. Bishop

Marty R. Dedo

William R. Cuddihee

Donald H. Fritz

Richard G. Barron

PLANNING BOARD REPORT

We have under consideration a land sub-division development known as "Foote Land", Sand Hill Road proposed by Lloyd G. Reynolds. This development may have Seven New Dwellings.

We have proposed two articles for the Town Warrant which has to do with the adoption of Ordinances: Art. 17 (A) Setbacks (B) Fire Ruins (C) Minimum Lot size (D) Erection of Buildings on proper size lots. Art. 19 Regulation of Mobile Homes.

In co-operation with the Selectmen and Police Department, the Board plans to help prepare a set of Traffic Regulations and Parking Ordinances for adoption this summer.

We recommend to the Selectmen:

Class V Roads:

- (A) Complete Middle Hancock Road
- (B) To Complete MacDowell Road.

Town Roads:

We recommend to the Selectmen that Elm Street to 101 Bypass be rebuilt.

Due to the sickness of our Surveyor we were not able to complete the Town Map and Directory in 1965. We expect to have it completed this summer. We will ask for authority to use a part of our 1965 appropriation.

Peterborough Planning Board

SEWERAGE STUDY COMMITTEE

Majority Position

Preface

The Peterborough Sewerage Study Committee came into being by vote of the Town Meeting of 1965 under Article 21 of the warrant. The resolution read as follows:

"That the Selectmen be authorized to appoint a committee to meet with them, to study, report and make recommendations to the 1966 Town Meeting regarding the 1959 Sewerage Disposal System report made by Camp, Dresser & McKee to suggest how the Town should initiate action for obtaining a sewage disposal system and to study and recommend the best way to pay the costs of the system."

Amended to read "a committee of nine including the three Selectmen."

Background Information

The 1959 Sewerage Disposal System report was compiled by the engineering firm of Camp, Dresser & McKee and was paid for by an interest free loan of \$9,000 from the Federal Government as a result of the vote of the special June 11, 1958 Town Meeting.

The Peterborough Board of Selectmen accepted this report from the engineering firm and filed this acceptance with the Water Pollution Commission of the State of New

Hampshire. The Commission in turn accepted the report as the intention of the Town of Peterborough at some future date to abate pollution in the Nubanusit Brook and Contoocook River within the boundaries of the town.

Action regarding pollution abatement of these streams has been forestalled until the New Hampshire Legislature sees fit to classify these waters. Classification of these streams, however, appears to be imminent.

The 84th session of the U. S. Congress passed legislation known as the Water Quality Act of 1965 (Public Law 89-234). This act requires the states to:

(1) adopt water quality standards applicable to interstate waters.

(2) Plan for implementation and enforcement of water quality standards adopted.

The act further requires the Secretary of Health, Education and Welfare to intervene in the event that any of the states fail to adopt conforming standards.

The N. H. Water Pollution Commission has advised that the 1967 session of the N. H. Legislature will be asked to classify all interstate streams so that the state will be in conformity with Federal water quality standards and eligible for Federal grants to abate pollution.

Nubanusit Brook and the Contoocook River are interstate waters within the definition of the Water Quality Act and will be included for classification as B1 and B2 in legislation to be requested from the Legislature by the N. H. Water Pollution Commission in 1967.

The legislation and proposed legislation referred to above carries reasonable time requirements and 70% to 90% appropriations to enable communities to abate pollution. At the present time, Peterborough is believed to be eligible for 70% Federal and State Aid.

Committee Study

The Peterborough Sewerage Study Committee has met with representatives of two engineering firms and the State of New Hampshire and after much consultation is satisfied that improper disposition of sewage and pollution of our streams is such that the Town must make a start towards abatement of pollution.

The Peterborough Sewerage Study Committee has been advised by the State of New Hampshire and two engineering firms that the plan prepared in 1959 is feasible and would provide a basic sewage disposal system for the Town. Fortunately, the geography of Peterborough will

allow the installation of a gravity system and not require costly pumping stations to transport sewage to the stabilization pond.

Committee Long-Range Thinking

The Peterborough Sewerage Study Committee in making the following recommendations feels that these are the first steps to take:

The Town is being asked to acquire land and easements for a stabilization pond because it is a requirement of the Federal Government before an interest free loan will be granted.

The exact cost of the system can be determined only after completion of plans and working drawings. The Committee hopes that once all of the costs are determined that it will then be able to make recommendations as to what portions of the system should be installed and in what order the work will be done as the years go by.

The Committee intends to study costs, assessments, tax burdens and methods of administration and to submit recommendations on the basis of its findings. If this can be accomplished, the Committee feels that the Town can install a sewerage system that will be adequate and also within the ability of the Town to pay the costs.

Committee Recommendations

The Peterborough Sewerage Study Committee has inserted articles in the Town Warrant to implement its recommendations, which are as follows:

1. It is recommended that the Town appropriate the sum of \$20,000 to acquire land for a stabilization pond and easements in order to make the Town eligible for a Federal interest free loan.

2. It is recommended that the Town authorize the Selectmen to make application to borrow, interest free, the sum of \$70,000 from the Federal Government so that final plans and working drawings can be completed and costs of phase I of the sewer system can be computed. (The sums will have to be paid back on a pro-rated basis according to the proportionate part of construction completed.)

3. It is recommended that the Town continue the Sewerage Study Committee.

4. It is recommended that the Town appropriate a sum of money for use of the Sewerage Study Committee to make future recommendations as to

- a. Determine sources within the Township that are

polluting the rivers and to make recommendations for abatement of same.

- b. How the Sewer System should be financed.
- c. How the Sewer System will be administered.
- d. How the Sewer System costs will be allocated to the taxpayer.

Minority Position

I dissent from any statement in the foregoing report which implies that the town has committed itself to carrying out a plan of sewer construction.

I cannot support the recommendations of the majority of the committee numbered 1 and 2 (for raising and appropriating \$20,000 to acquire land and easements and for borrowing and appropriating \$70,000 for preparation of detailed plans) because I do not have sufficient assurance that the program which these appropriations would initiate is so desirable as to justify its being submitted for approval at this time. We are asked to spend and borrow substantial sums to commence a program the eventual cost of which is almost unknown to the public. Errors in judgment could be very expensive.

I reaffirm my conviction that we ought to undertake a program of abating the pollution of our streams, but I believe that the foundation of such a program is identification of the sources of pollution. I support recommendation number 3, that the committee be continued; and recommendation number 4, that funds be appropriated for use of the committee in determining the sources of pollution; recommending measures for abatement; and proposing methods of financing and administering such measures and fairly apportioning the expenses to the taxpayers.

I look forward to the time when the town will vote

upon a program for abatement of pollution with knowledge of what must be done, how it may best be accomplished, what the cost will be, and how it will be paid. Prior to that time I believe that acquisition of easements and preparation of detailed plans would be premature.

Maurice M. Blodgett

I concur with that part of the minority report which opposes borrowing the sum of \$70,000 to pay for preparation of detailed plans for construction.

Francis H. Carr

REPORT OF WATER RATE STUDY COMMITTEE

Need for the study and possible revision of Water Rates was brought about by the vote of the Town to expand our water sources and facilities.

The Committee has met several times with the Water Commissioners, Water Department Advisers and a representative of the Budget Committee. The official accountant of the Water Department sat with us during one meeting. Members of the Committee conferred with Engineers of the State Public Utilities Commission. It was generally agreed that any suggested rate revision now would be temporary; since a permanent rate revision must await completion of the expansion.

Several sets of figures were presented and discussed. It was agreed that the Water Department should be self-supporting. This support would include retirement of Department debt and interest during the year 1966. It was agreed that an increase of 75% in the present rates would be recommended to the Town — to be effective from April 1, 1966 to April 1, 1967. This recommendation was a compromise among a variety of views.

Effective work of the Committee for the compilation of any new permanent water rate must await the completion of the authorized expansion of the system. It is hoped that the tenure of the Committee will be continued for another year to enable it to complete its work.

RADIO STUDY COMMITTEE

As the last annual Town Meeting requested, the Board of Selectmen appointed a committee to work with them to study the communication needs for the Police Department.

Upon electing the chairman at our first meeting, we immediately set out to make individual investigations, to determine the feelings of the residents, the needs of additional equipment, and in what manner additional equipment would best serve our town on a continual 24 hour day. It was the unanimous decision of the committee that:

1. A base station with a remote control in the Town Clerk's Office be purchased and installed.
2. That a new Mobile Unit be installed in the cruiser.
3. That one new portable be purchased.
4. That an extension telephone be installed in the brick post in front of the Town House.
5. That the Town continue to use the emergency telephone system now in effect and operated by Fred Nelson of Greenville at a cost of \$480.00 per year.

Recommendation Number 1 is and has been in operation for the past two months. This was the gift from "73" Magazine. For the remainder it is highly recommended that the Town accept the above articles 1-5 to purchase equipment needed at a cost of \$1,150.00.

We further recommend for your approval to purchase a communication system for the Highway Department and the Water Department, not to exceed \$1,200.00.

In our opinion the passage of our recommendations will enable the citizens to be in touch with all departments for any emergency at all times.

Respectfully submitted,

Edward J. Lobacki, Selectman
Chairman

Richard Allen Day

Arthur Jackson

SCHOOL NURSE

Doris L. Wiklund

SCHOOL PHYSICIAN

Mahlon R. Mason, M.D.

B. NO-SCHOOL SIGNAL

In case of emergency when it seems inadvisable to have schools in session on any day, the No-School Signal will be given by sounding the signal 22 on the fire alarm system at 7:15 A. M., and by having it announced over radio station WBZ, WKNE, and WKBK at the same time approximately. When the No-School Signal is given it means that there will be no school in all grades all day.

Parents and pupils are urged to depend upon the fire signal, T.V., or radio for no-school notices. The local telephone operators are no longer able to assist in giving no-school information.

S 3

C. CALENDAR

Dec.	22	Schools close—Christmas Vacation

1967

Jan.	3	Schools reopen
Feb.	17	Schools close—Winter Vacation
Feb.	27	Schools reopen

D. REPORT OF DISTRICT CLERK

RECORD OF THE PROCEEDINGS:

1. Regular Meeting

At a meeting of the inhabitants of the School District of Peterborough qualified to vote in District affairs, holden at The Peterborough Consolidated School on Wednesday the 3rd day of March, 1965 at 7:30 o'clock in the afternoon.

The Moderator, Maurice M. Blodgett called the meeting to order, and proceeded with the business as follows:

Under the School District Warrant:

Art. 1: Presented by Mr. Mark Wheeler, Chairman of the School District, the following motion—Moved: That the salaries of the School District Officers for the ensuing year, be as follows: Each School Board Member \$50.00; Treasurer \$75.00; Clerk \$10.00; and Moderator \$10.00. Motion Passed.

Art. 2: Motion by Mr. Wheeler that the reports of the officers and committees be accepted as printed. Motion Passed.

Art. 3: Motion by Mr. Wheeler that the district petition the State Tax Commission to have an audit made by the Division of Municipal Accounting. Motion Passed.

Art. 4: The following motion was presented by Mr. Wheeler. Moved: That the School District raise and appropriate \$530,-277.47 for the payment of salaries for school district officials and agents, and for payment of the statutory obligations of the District. Mr. Wheeler explained the various items of the budget as outlined in the Town Report, and after a short discussion the motion was passed.

Art. 5: Mrs. Margaret Clement of the School Board presented the following motion: Moved: That the School Board be authorized to make application for and accept on behalf of the district, any or all grants forthcoming under Title III, V, or VIII, or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire under the provisions of the National Defense Education act. Motion passed.

Art. 6: Moved: that the School Board be authorized to place any unanticipated income received from tuition and sweep-stake monies during 1964-65 into the general fund. This motion was presented by Mr. Peters of the School Board and it passed.

Art. 7: The following motion was presented by the School Board and passed without discussion: Moved: That the School Board be authorized to create an area school district planning committee, as prescribed in R.S.A. 195-A:3, with the members appointed by the Moderator.

Art. 8: Presented by the School Board: Moved: that the district appropriate the sum of \$35,000 for architect's fees for the development of plans for a new elementary school on Evans Flats and that it raise the said sum through the issuance of serial notes or bonds upon the credit of the district and that the district authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued, including their sale, and the time and place of payment of principal and interest in accordance with the provisions of R.S.A. 33, and the amendments thereto.

Mrs. Clement explained the proposed cost of building the new 14 room school building on Evans Flat and also compared the cost of the same building on High St. Mr. Arthur Eldredge, representing his architectural firm, reviewed the preliminary plans of the building and illustrated his talk with building projections on a large screen. Mr. Joseph Broyles wanted further study and a new committee to study the question with a report in June. He presented an amendment to the motion as follows: Moved: that all appropriations for working drawings pertaining to the building of an elementary school on Evans Flats and any authorization pertaining to the raising of funds through the issuance of serial notes and/or bonds be postponed until the adjourned school district meeting which is to take place on or about June 20, 1965. Be it further moved that a new school study committee of 6 members, none of which were appointed to the present school study committee, be appointed to investigate and to report to the adjourned school district meeting "ready for use" school costs for an elementary or high school building situated on Evans Flats, High St., or any other

site. Mrs. Broyles offered a sketch of a two level school which could be used on High St. After much discussion and talks by Forrest Mercer, Martin Keenan, Superintendent Kelly, Mr. Clements and many others, extending over a two hour period, a vote was taken on the amendment and it was defeated.

A vote was taken on the original motion. Because two-thirds of the vote is necessary on the proposed issuance of serial notes or bonds, this was a rising vote. The Moderator appointed, as tellers, Mr. Douglas Harris, Mr. Ray, Mr. Hansen, Mr. Carr and Mr. Salamy. Those voting for the motion 182, against 78. Two-thirds of the vote being 174, the motion passed.

After this vote, it was moved that the meeting be adjourned until Wednesday, June 30, 1965, at 7:30 o'clock in the afternoon, at which time articles 9, 10, and 12 will be taken up. It was so voted.

At the election of officers held on March 9th, at the Town House, the following officers were elected:

Moderator, Maurice M. Blodgett	1324 votes
District Clerk, Helen A. Keenan	1311 votes
District Treasurer, Paul F. Crowell	1277 votes
School Board Member, 3 years, Mark G. Wheeler	1317 votes

The meeting was declared adjourned by the Moderator at 9:45 P. M.

Respectfully submitted,

Helen A. Keenan, District Clerk

RECORD OF THE PROCEEDINGS:

2. Adjourned Meeting

At an adjourned meeting of the inhabitants of the School District of Peterborough, qualified to vote in District affairs, holden at the Peterborough Consolidated School on the 30th day of June, 1965 at 7:30 o'clock in the afternoon.

The Moderator, Maurice M. Blodgett called the meeting to order, and explained the purpose of the meeting.

Article 9 of the School District Warrant was the first item of business, and under this article, the School Board presented the following motion: Moved: That the District raise and appropriate the sum of \$800,000.00 for constructing, equipping and furnishing a school including development of the site therefor and access roads; and that the District raise \$0 by certification to the Selectmen as an assessment to be raised by the Town for this purpose and \$800,000.00 through the issuance of serial notes or bonds upon the credit of the District and to authorize the School Board to determine the terms and conditions upon which the notes or bonds shall be issued, including their sale, and the time and place of payment of princi-

pal and interest in accordance with the provisions of R.S.A. 33 and the amendments thereto.

Mrs. Everett Clement, Chairman of the School Board spoke briefly calling attention to action already taken at the March Annual Meeting, and asking the voters to raise the \$800,000 needed to construct the new school. She then introduced the Superintendent of Schools, Mr. William Kelly, who explained the need for a new grade school, and the long range plan of expanding the proposed 14 room new building into a 24 room building over a period of years, and recommending that the voters react favorably to this plan.

An amendment to this motion was presented by Mr. Richard Johnson as follows—Moved: To strike out all words following “move” and substitute the following: That the Moderator be instructed to appoint a committee of five, who being cognizant of all present findings, will be charged with the responsibility of preparing a plan for expanding school facilities consistent with our educational needs, and with due consideration of our tax burden: further that said plan be presented to the School District on or before our next Annual Meeting, and that the sum of \$3,000 be appropriated for their use to employ any professional help they deem advisable.

Mr. Johnson and Mr. David Ashton spoke in favor of the plan for further study also Mr. Whiton and Mr. Forrest Mercer. Speaking in opposition to the amendment were Mr. Martin Keenan and Mr. Gordon Hale.

A rising vote on the amendment was taken—The moderator appointed Mr. Dwight Dart, Mr. Aime Proulx and Mr. Dane Cummings as Tellers, and the vote was 154 for the amendment and 71 against. So the amendment was passed, and the motion as amended was passed.

It was voted that the District pay the architect's fees upon a motion by Mr. Forrest Mercer that we raise the sum of \$12,865 for this purpose.

The articles 10-11 and 12 were laid on the table by the School Board. Mr. John Bastille expressed appreciation to the School Board and Committee for their time and effort.

The meeting was adjourned at 9:15 P. M. by the Moderator.

Respectfully submitted,

Helen A. Keenan, School District Clerk

RECORD OF THE PROCEEDINGS:

3. Special Meeting

At a special meeting of the Inhabitants of the School District of Peterborough qualified to vote in District Affairs, holden at the Peterborough Consolidated School on the 30th day of December 1965 at 7:30 o'clock in the afternoon.

The Moderator, Maurice M. Blodgett called the meeting to order and read the warrant, explaining the purpose of the meeting. He also read a petition to the Superior Court of New Hampshire to allow the meeting to be held, and the permission granted by the Court.

The only article in the Warrant was the order of business, and under this article the following motion was presented by the School Board:

Moved: That the School Board be authorized to accept the provisions of Public Law 80-10, designed to improve educational opportunities with particular reference to children of low income families, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be determined by the School Board. Further to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Mrs. Clement of the Board explained the motion. There was little discussion, a vote was taken and the motion passed.

There being no further business the meeting was adjourned.

Respectfully submitted,

Helen A. Keenan, Clerk

E. WARRANT

1.

**To the Inhabitants of the School District in the Town of
Peterborough qualified to vote in District Affairs:**

You are hereby notified to meet at the Peterborough Consolidated School in said district on the 30th day of December, 1965, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To see if the district will vote to accept the provisions of Public Law 89-10, designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the district under said federal act for such particular projects as may be determined by the School Board. Further, to see if the district will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

Given under our hands at said Peterborough this 15th day of December, 1965.

Margaret H. Clement

Stanley W. Peters

Mark G. Wheeler

School Board

TOWN OF PETERBOROUGH
SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

2.

To the Inhabitants of the School District in the Town of Peterborough qualified to vote in district affairs:

You are hereby notified to meet at the Peterborough Consolidated School in said district on the 2nd day of March, 1966, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Agents, Auditors, and Committees in relation to any subjects embraced in this warrant.

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

5. To see if the district will authorize the school board to make application for and to accept, on behalf of the district, any or all grants forthcoming under Titles III, V, or VIII, or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire under the provisions of the National Defense Education Act.

6. To see if the district will authorize the school board to place any unanticipated income from tuition received during 1965-66 into the general fund.

7. To see what sum of money the District will vote to raise and appropriate to meet the expenses of the area school cooperative district planning committee.

8. To see if the district will authorize the school board to include a contingency fund item in the regular school district budget, and raise and appropriate the sum of \$2,000.00 for this purpose.

9. To see what sum of money the district will vote to raise and appropriate to erect a chain link fence on the Summer Street side of the athletic field.

10. To see what sum of money the district will vote to raise and appropriate for the development of a playground on the Larrabee land.

11. To see what action the district will take on the printing of teachers' salaries in the annual Town Report, or take any action relating thereto.

Given under our hands at said Peterborough this 15th day of February, 1966.

Margaret H. Clement
Stanley W. Peters
Mark G. Wheeler

School Board

**To the Inhabitants of the School District in the Town of
Peterborough qualified to vote in district affairs:**

You are hereby notified to meet at the Town House in said Town of Peterborough on Tuesday, the eighth of March next at eight of the clock in the forenoon, (Polls close at 6:00 P. M., unless otherwise voted), to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

Given under our hands at said Peterborough this 15th day of February, 1966.

School opened in September, 1965, with the following new staff members:

Mrs. Mary S. Deschenes, Grade 1; Mr. James Haddock, Special Class; Mrs. Dorothea V. Hammond, Grade 3; Miss Emily Holbrook, Grade 2; Mr. Eugene S. Martin, French, and Mrs. Ruth E. Patterson, Librarian.

B. SCHOOL PROGRAM

ELEMENTARY AND JUNIOR HIGH — GRADES 1-8

We have four new members on our teaching staff this year, Mrs. Dorothea Hammond, Miss Emily Holbrook, Mrs. Mary Deschenes, and Mr. James Haddock.

Mr. Haddock has replaced Robert Smith as the teacher of the special class. Mrs. Hammond has replaced Mrs. Lee Ann Truesdell in Grade three. Mrs. Truesdell has accepted a part-time position at the Rindge Memorial School. Miss Holbrook is now teaching Grade three. This position became open because Mrs. Morris moved from Grade two to Grade four to fill the position formerly held by Mrs. Dutton. Mrs. Deschenes has replaced Mrs. Maki in Grade one. Mrs. Maki has accepted a part-time teaching position in the New Ipswich Kindergarten.

It was with much regret that the staff saw the teaching career of Mrs. Dutton come to an end last June. She has devoted many years to the children of Peterborough. I am sure that each person who has been a pupil in Mrs. Dutton's room counts himself among the very fortunate. We will miss her very much but wish her every happiness in her retirement.

The modern math program has been extended into Grade five this year and will be included in the Grade six curriculum next year. It should be pointed out that, although modern math is the basis of our arithmetic program, an extensive amount of traditional math is also presented.

The Spalding Unified Phonics method of teaching spelling and reading is being continued in the elementary school and emphasized in the primary grades. This program supplies the pupils with a logical method of analyzing words in spelling and reading and encourages independence in both of these areas.

The elementary teachers have been organized into curriculum study groups to keep abreast of the changes in elementary education, and to recommend curriculum changes at the Consolidated School. Committees have been organized in the areas of arithmetic, language arts, social studies, and English. Each committee will be charged with the responsibility of evaluating our present curriculum in each area and will make recommendations for changes in content, organization, and emphasis.

Two additional committees are evaluating the "Ungraded School" concept and "Team Teaching." These two methods of organizing for instruction offer many possibilities for increasing the efficient utilization of the teaching staff.

This year, for the first time, we are using a split schedule in the Junior High School. This means that any particular group in the Junior High will follow one schedule during the first two marking periods and another schedule during the last two marking periods. This type of scheduling has the advantage

of limiting the length of time any student will have a subject during a relatively undesirable time period. An example of this situation would be a group which has math during the last period in the afternoon. A fixed schedule would allow this situation to exist for the entire year. However, with a split or changing schedule this group would have a study period or another subject during the last period for one-half of the school year.

The self-contained program in the Junior High has developed very well. Each year leaves us more convinced that this program has answered a real need of those pupils involved in this new approach to education. The curriculum and philosophy of this program have changed slightly from year to year on the basis of the knowledge gained during the previous school year. The program is now operating smoothly and effectively due to the experience, education, and ability of the teachers involved in this program.

I would like to take this opportunity to express my appreciation to the members of the staff, the administration, and the parents for the interest, help, and cooperation which they have given this year.

SENIOR HIGH—GRADES 9-12

Despite the fact that we are crowded in many areas, we have had a successful academic year. Our faculty and staff are constantly making every effort to improve our school by trying out new educational practices, consolidating what we know is sound, and continuously checking the progress of our students in order to evaluate their chances of success in the everchanging post-secondary world.

HIGHLIGHTS OF THE YEAR

The acquisition of a fulltime librarian has been most helpful. Mrs. Ruth Patterson has accepted the responsibility of coordinating all phases of the library work, getting the new volumes properly located, helping teachers to obtain reference material, and assisting pupils to accept the underlying philosophy of a school library. We are grateful to all the citizens of Peterborough who have generously donated volumes to the library during the past year.

We are appreciative of the efforts in the Self-Contained area, better known as our Distributive Education Program. An up-to-date analysis of this program will be found below.

Our school is very proud of the records set by our Track and Cross Country teams during the past year. Mr. William Yeo and his squads won the Class B championships in both Track and Cross Country. This achievement is all the more remarkable when one considers the fact that we do not have a track area and that all of our track meets are scheduled away from home.

Plans are under way to set up a summer school for the Peterborough students. We hope to be able to assist those pupils who have academic problems as well as those pupils who are interested in an enrichment program.

Time and space do not allow the opportunity to compliment each member of the teaching staff on the outstanding effort displayed. We are proud of our school and the results achieved. Our goal is to continue this effort.

OUR MOST SERIOUS PROBLEMS

We are still handicapped by lack of facilities in the outdoor physical education program, recess program, and our athletic program. The suggestion has been made that the Larrabee land could be utilized for these programs. We strongly advocate this thinking.

Again we urge that some type of chain link fence be erected on the east side of the playground area. The teachers and coaches are apprehensive about possible injuries to pupils in this area.

The greatest concern is the crowded conditions in the school. However, we feel that the interested citizens of Peterborough and the able members of the School Board will find suitable solutions to this problem in the near future.

ENGLISH DEPARTMENT

During the past year the P.C.S. English curriculum guide was reviewed and revised based, to a great extent, upon the recommendations made by the Commission on English which issued its report and recommendations in 1965 under the title, **Freedom and Discipline in English.**

Regular staff meetings are held on Thursday afternoon to which parents and interested persons are always welcome. Discussion centers largely upon the improvement of instruction at all levels of student ability.

Particularly significant is the closer coordination of instruction that has been achieved with the past year. The junior high school curriculum has been expanded so that the student entering the ninth grade will have covered material recommended by the high school English staff. This method enables the student to proceed to the next level of his educational preparation in a more logical and orderly fashion.

This year considerable effort has been made to expand the areas of writing and literary appreciation in all classes. Beginning students are immediately introduced to the process of evaluating worthwhile works in literature. They are taught what to look for in literature and how to interpret what they read from the literary point of view. Frequently units in literature are combined with writing projects so that the student benefits in both areas at the same time.

Considerable class time is devoted by all teachers to the mechanics of writing and, particularly, to vocabulary building.

As we teach today's young people, your English faculty is constantly evaluating its present methods of instruction while, at the same time, examining the countless new proposals and textbooks in an attempt to meet the demands that education will place upon the youth of tomorrow.

THE SELF-CONTAINED CLASSES

The question of what to do about the slow learner and/or potential dropout is being quite adequately met at present by our self-contained classes. These classes, begun in grade 7 in 1962, now include grades 7 and 8 in the junior high school and grades 9 and 10 in the high school. At all levels, courses for youngsters in these classes are geared to the needs of the slow learner with subject matter which is attainable, and, of even more importance, functional. These same pupils, if placed in other curricula of the school, would soon experience frustration, discouragement, and failure—not discounting their negative effect upon the teachers and other students in their classes, and, as a result, they would eventually sever their ties with the school forever.

Unable to adjust to the school, many of these youngsters would also be unable to adjust to the demands of society, which today requires a reasonable degree of skill and a sense of well-being among its members. Statistics point out that the unemployment rate for the dropout is double that of a high school graduate. It would appear imperative, therefore, that the self-contained program be continued and expanded to include the 11th and 12th grades during the next two years.

A program of distributive education, or part-time "on-the-job" training, is being recommended for these pupils as a segment of their last two high school years. Such a plan, we feel, insures enough success so that the slow learners and under-achievers will be prevented from dropping out, and will become self-sufficient citizens upon graduation.

Distributive education courses are designed to give each pupil the opportunity to learn a skill or trade on released school time. Coordinated with local artisans and industries, the attempt would be made to place each youngster in a local situation where he or she can learn an acceptable skill or trade under competent guidance and understanding. The plan envisions the necessity for one of the teachers of the course to arrange for the placement of the pupils, and also to periodically check the progress being made on each cooperative venture with the pupil and with his employer.

GUIDANCE

Aided by the teachers and the administrative staff, the Guidance Office issued a comprehensive Program of Studies in

the spring of this year. This booklet is designed to help high school students plan for their high school years and beyond.

A career night was also held in the spring. Spokesmen representing some twenty career fields participated in the evening program and discussed the pros and cons of their occupational area. The Rotary Club of Peterborough was most helpful in co-sponsoring this event.

The Guidance Office continues to make available the latest information for the vocational and educational guidance of high school students and their parents.

All members of the Peterborough community are eligible to receive the assistance available in the P.H.S. Guidance Office.

PHYSICS

A change in textbook this year introduced PSSC Physics to Peterborough. PSSC are the initials for the Physical Science Study Committee, a committee formed in 1956 of university and secondary school physics teachers that developed an improved introductory physics course. The course materials were tried, evaluated, and revised for three years before they were released for general use in the fall of 1960. Materials developed for the course include a textbook, laboratory guide, laboratory equipment, motion picture films, and a series of paperback monographs. The textbook was revised again in 1965 and it is this second edition that Peterborough is using.

The course deals with physics as an explanatory system, a system that extends from the domain inside the atom to the distant galaxies. The goal of the committee was to present to the student the nature of modern physics and physical inquiry. The student should see that physics is an unfinished and continuing activity pursued by humans, not by some eccentric scientist in some hidden laboratory.

No one-year course can give an adequate account of both an expanding physics and the related technology. With this in mind the PSSC shifted the emphasis in secondary school physics away from technology toward a deeper exploration of the basic ideas of physics. Technological applications have not been eliminated from the course, but they have been cut back sharply from the usual secondary school physics curriculum. The course was not specifically developed with college preparation in mind, but it does provide a sound base for further work in physics.

At present the PSSC course is being used in only one class. It is felt that the course is going well and that the students are benefiting from it. Its use in other physics classes next year is being seriously considered.

FRENCH

This year the French Department has incorporated an updated "Audio-Visual" approach to the teaching of French at

the beginning level of instruction. In addition to the text used by the student of French I, individual records are given to the student for each unit. Film strips and tapes are used for each new unit introduced.

ART

The program has been greatly enriched at the Junior and Senior High School level with the use of a room all our own which limits the size of the class, enabling each child to be helped during the course of the period. The aim of the Art Department is to offer and carry out a truly valuable and satisfactory art program. The addition of equipment and the offering of art on a fulltime basis making Art I, II, III and IV available to all senior high students will allow this truly valuable and constructive course to be carried out.

We strive at all times:

To develop a better knowledge and appreciation of art.

To offer educational guidance, to arouse and preserve an interest in art through significant information and activity experience.

To develop emotionally the ability of the student to use discriminative judgment.

To create an appreciation of all the arts and develop one or more of them for leisure time activity.

To discover the child who is talented and provide special training for him and to offer him vocational guidance.

We aim for a continuity between the required course at the junior high level and the elective program of the Senior High School.

Franklin A. Finley

Donald P. Carle
Teacher Consultant

PART III. SCHOOL PLANT

A. Repairs

Our custodial staff has completed some major projects during the summer and during vacations.

Painted: Cafeteria, Exterior doors and trim, 4 toilets in new wing and used Pitt glaze on lower half of walls.

Installed 48 new roller shades on the east side of elementary wing.

New art room: installed sink, Heat, Lights, Bulletin boards, and Repainted room.

B. Insurance

Fire & Extended Coverage on Peterborough Consolidated School and Contents (\$680,000.00).

Boiler Insurance, Property & Liability on Peterborough Consolidated School.

Owners' & Tenants' Liability, including teachers.

Workmen's Compensation & Employers' Liability

Driver Training Car

PART IV. FINANCE

A. REPORT OF SCHOOL DISTRICT TREASURER

For the Fiscal Year July 1, 1964 to June 30, 1965

SUMMARY

Cash on Hand July 1, 1964 (Treasurer's bank balance)		\$1,258 14
Received from Selectmen:		
Current Appropriation		\$372,700 65
Received from State Treasurer:		
State Funds	\$22,212 75	
Federal Funds	7,654 68	
Received from Tuitions	107,726 02	
Received as Income from Trust Funds	462 20	
Received from Sale of Notes and Bonds (Principal only)	12,865 00	
Received from all Other Sources	16,768 93	
Total Amount Available for Fiscal Year		
Total Receipts		\$540,390 23
Total Amount Available for Fiscal Year (Balance and Receipts)		\$541,648 37
Less School Board Orders Paid		527,241 85
Balance on Hand June 30, 1965 (Treasurer's Bank Balance)		\$14,406 52
July 21, 1965	S/Paul F. Crowell District Treasurer	

AUDITOR'S CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Peterborough of which the above is a true summary for the fiscal year ending June 30, 1965 and find them correct in all respects.

Art & Music (1965-66) \$11,331 74

This covers music instruction for 5½ days per week and art for 3 days per week. Art and music personnel are contracted for by the Supervisory Union and assigned to schools in accordance with their backgrounds and the needs of the individual school program.

TOWN OF PETERBOROUGH
SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

2.

To the Inhabitants of the School District in the Town of Peterborough qualified to vote in district affairs:

You are hereby notified to meet at the Peterborough Consolidated School in said district on the 2nd day of March, 1966, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

3. To choose Agents, Auditors, and Committees in relation to any subjects embraced in this warrant.

4. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

5. To see if the district will authorize the school board to make application for and to accept, on behalf of the district, any or all grants forthcoming under Titles III, V, or VIII, or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire under the provisions of the National Defense Education Act.

6. To see if the district will authorize the school board to place any unanticipated income from tuition received during 1965-66 into the general fund.

7. To see what sum of money the District will vote to raise and appropriate to meet the expenses of the area school cooperative district planning committee.

8. To see if the district will authorize the school board to include a contingency fund item in the regular school district budget, and raise and appropriate the sum of \$2,000.00 for this purpose.

9. To see what sum of money the district will vote to raise and appropriate to erect a chain link fence on the Summer Street side of the athletic field.

10. To see what sum of money the district will vote to raise and appropriate for the development of a playground on the Larrabee land.

11. To see what action the district will take on the printing of teachers' salaries in the annual Town Report, or take any action relating thereto.

Given under our hands at said Peterborough this 15th day of February, 1966.

Margaret H. Clement
Stanley W. Peters
Mark G. Wheeler

School Board

**To the Inhabitants of the School District in the Town of
Peterborough qualified to vote in district affairs:**

You are hereby notified to meet at the Town House in said Town of Peterborough on Tuesday, the eighth of March next at eight of the clock in the forenoon, (Polls close at 6:00 P. M., unless otherwise voted), to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

Given under our hands at said Peterborough this 15th day of February, 1966.

Margaret H. Clement
Stanley W. Peters
Mark G. Wheeler

School opened in September, 1965, with the following new staff members:

Mrs. Mary S. Deschenes, Grade 1; Mr. James Haddock, Special Class; Mrs. Dorothea V. Hammond, Grade 3; Miss Emily Holbrook, Grade 2; Mr. Eugene S. Martin, French, and Mrs. Ruth E. Patterson, Librarian.

B. SCHOOL PROGRAM

ELEMENTARY AND JUNIOR HIGH — GRADES 1-8

We have four new members on our teaching staff this year, Mrs. Dorothea Hammond, Miss Emily Holbrook, Mrs. Mary Deschenes, and Mr. James Haddock.

Mr. Haddock has replaced Robert Smith as the teacher of the special class. Mrs. Hammond has replaced Mrs. Lee Ann Truesdell in Grade three. Mrs. Truesdell has accepted a part-time position at the Rindge Memorial School. Miss Holbrook is now teaching Grade three. This position became open because Mrs. Morris moved from Grade two to Grade four to fill the position formerly held by Mrs. Dutton. Mrs. Deschenes has replaced Mrs. Maki in Grade one. Mrs. Maki has accepted a part-time teaching position in the New Ipswich Kindergarten.

It was with much regret that the staff saw the teaching career of Mrs. Dutton come to an end last June. She has devoted many years to the children of Peterborough. I am sure that each person who has been a pupil in Mrs. Dutton's room counts himself among the very fortunate. We will miss her very much but wish her every happiness in her retirement.

The modern math program has been extended into Grade five this year and will be included in the Grade six curriculum next year. It should be pointed out that, although modern math is the basis of our arithmetic program, an extensive amount of traditional math is also presented.

The Spalding Unified Phonics method of teaching spelling and reading is being continued in the elementary school and emphasized in the primary grades. This program supplies the pupils with a logical method of analyzing words in spelling and reading and encourages independence in both of these areas.

The elementary teachers have been organized into curriculum study groups to keep abreast of the changes in elementary education, and to recommend curriculum changes at the Consolidated School. Committees have been organized in the areas of arithmetic, language arts, social studies, and English. Each committee will be charged with the responsibility of evaluating our present curriculum in each area and will make recommendations for changes in content, organization, and emphasis.

Two additional committees are evaluating the "Ungraded School" concept and "Team Teaching." These two methods of organizing for instruction offer many possibilities for increasing the efficient utilization of the teaching staff.

This year, for the first time, we are using a split schedule in the Junior High School. This means that any particular group in the Junior High will follow one schedule during the first two marking periods and another schedule during the last two marking periods. This type of scheduling has the advantage

of limiting the length of time any student will have a subject during a relatively undesirable time period. An example of this situation would be a group which has math during the last period in the afternoon. A fixed schedule would allow this situation to exist for the entire year. However, with a split or changing schedule this group would have a study period or another subject during the last period for one-half of the school year.

The self-contained program in the Junior High has developed very well. Each year leaves us more convinced that this program has answered a real need of those pupils involved in this new approach to education. The curriculum and philosophy of this program have changed slightly from year to year on the basis of the knowledge gained during the previous school year. The program is now operating smoothly and effectively due to the experience, education, and ability of the teachers involved in this program.

I would like to take this opportunity to express my appreciation to the members of the staff, the administration, and the parents for the interest, help, and cooperation which they have given this year.

SENIOR HIGH—GRADES 9-12

Despite the fact that we are crowded in many areas, we have had a successful academic year. Our faculty and staff are constantly making every effort to improve our school by trying out new educational practices, consolidating what we know is sound, and continuously checking the progress of our students in order to evaluate their chances of success in the everchanging post-secondary world.

HIGHLIGHTS OF THE YEAR

The acquisition of a fulltime librarian has been most helpful. Mrs. Ruth Patterson has accepted the responsibility of coordinating all phases of the library work, getting the new volumes properly located, helping teachers to obtain reference material, and assisting pupils to accept the underlying philosophy of a school library. We are grateful to all the citizens of Peterborough who have generously donated volumes to the library during the past year.

We are appreciative of the efforts in the Self-Contained area, better known as our Distributive Education Program. An up-to-date analysis of this program will be found below.

Our school is very proud of the records set by our Track and Cross Country teams during the past year. Mr. William Yeo and his squads won the Class B championships in both Track and Cross Country. This achievement is all the more remarkable when one considers the fact that we do not have a track area and that all of our track meets are scheduled away from home.

Plans are under way to set up a summer school for the Peterborough students. We hope to be able to assist those pupils who have academic problems as well as those pupils who are interested in an enrichment program.

Time and space do not allow the opportunity to compliment each member of the teaching staff on the outstanding effort displayed. We are proud of our school and the results achieved. Our goal is to continue this effort.

OUR MOST SERIOUS PROBLEMS

We are still handicapped by lack of facilities in the outdoor physical education program, recess program, and our athletic program. The suggestion has been made that the Larrabee land could be utilized for these programs. We strongly advocate this thinking.

Again we urge that some type of chain link fence be erected on the east side of the playground area. The teachers and coaches are apprehensive about possible injuries to pupils in this area.

The greatest concern is the crowded conditions in the school. However, we feel that the interested citizens of Peterborough and the able members of the School Board will find suitable solutions to this problem in the near future.

ENGLISH DEPARTMENT

During the past year the P.C.S. English curriculum guide was reviewed and revised based, to a great extent, upon the recommendations made by the Commission on English which issued its report and recommendations in 1965 under the title, **Freedom and Discipline in English.**

Regular staff meetings are held on Thursday afternoon to which parents and interested persons are always welcome. Discussion centers largely upon the improvement of instruction at all levels of student ability.

Particularly significant is the closer coordination of instruction that has been achieved with the past year. The junior high school curriculum has been expanded so that the student entering the ninth grade will have covered material recommended by the high school English staff. This method enables the student to proceed to the next level of his educational preparation in a more logical and orderly fashion.

This year considerable effort has been made to expand the areas of writing and literary appreciation in all classes. Beginning students are immediately introduced to the process of evaluating worthwhile works in literature. They are taught what to look for in literature and how to interpret what they read from the literary point of view. Frequently units in literature are combined with writing projects so that the student benefits in both areas at the same time.

Considerable class time is devoted by all teachers to the mechanics of writing and, particularly, to vocabulary building.

As we teach today's young people, your English faculty is constantly evaluating its present methods of instruction while, at the same time, examining the countless new proposals and textbooks in an attempt to meet the demands that education will place upon the youth of tomorrow.

THE SELF-CONTAINED CLASSES

The question of what to do about the slow learner and/or potential dropout is being quite adequately met at present by our self-contained classes. These classes, begun in grade 7 in 1962, now include grades 7 and 8 in the junior high school and grades 9 and 10 in the high school. At all levels, courses for youngsters in these classes are geared to the needs of the slow learner with subject matter which is attainable, and, of even more importance, functional. These same pupils, if placed in other curricula of the school, would soon experience frustration, discouragement, and failure—not discounting their negative effect upon the teachers and other students in their classes, and, as a result, they would eventually sever their ties with the school forever.

Unable to adjust to the school, many of these youngsters would also be unable to adjust to the demands of society, which today requires a reasonable degree of skill and a sense of well-being among its members. Statistics point out that the unemployment rate for the dropout is double that of a high school graduate. It would appear imperative, therefore, that the self-contained program be continued and expanded to include the 11th and 12th grades during the next two years.

A program of distributive education, or part-time “on-the-job” training, is being recommended for these pupils as a segment of their last two high school years. Such a plan, we feel, insures enough success so that the slow learners and under-achievers will be prevented from dropping out, and will become self-sufficient citizens upon graduation.

Distributive education courses are designed to give each pupil the opportunity to learn a skill or trade on released school time. Coordinated with local artisans and industries, the attempt would be made to place each youngster in a local situation where he or she can learn an acceptable skill or trade under competent guidance and understanding. The plan envisions the necessity for one of the teachers of the course to arrange for the placement of the pupils, and also to periodically check the progress being made on each cooperative venture with the pupil and with his employer.

GUIDANCE

Aided by the teachers and the administrative staff, the Guidance Office issued a comprehensive Program of Studies in

the spring of this year. This booklet is designed to help high school students plan for their high school years and beyond.

A career night was also held in the spring. Spokesmen representing some twenty career fields participated in the evening program and discussed the pros and cons of their occupational area. The Rotary Club of Peterborough was most helpful in co-sponsoring this event.

The Guidance Office continues to make available the latest information for the vocational and educational guidance of high school students and their parents.

All members of the Peterborough community are eligible to receive the assistance available in the P.H.S. Guidance Office.

PHYSICS

A change in textbook this year introduced PSSC Physics to Peterborough. PSSC are the initials for the Physical Science Study Committee, a committee formed in 1956 of university and secondary school physics teachers that developed an improved introductory physics course. The course materials were tried, evaluated, and revised for three years before they were released for general use in the fall of 1960. Materials developed for the course include a textbook, laboratory guide, laboratory equipment, motion picture films, and a series of paperback monographs. The textbook was revised again in 1965 and it is this second edition that Peterborough is using.

The course deals with physics as an explanatory system, a system that extends from the domain inside the atom to the distant galaxies. The goal of the committee was to present to the student the nature of modern physics and physical inquiry. The student should see that physics is an unfinished and continuing activity pursued by humans, not by some eccentric scientist in some hidden laboratory.

No one-year course can give an adequate account of both an expanding physics and the related technology. With this in mind the PSSC shifted the emphasis in secondary school physics away from technology toward a deeper exploration of the basic ideas of physics. Technological applications have not been eliminated from the course, but they have been cut back sharply from the usual secondary school physics curriculum. The course was not specifically developed with college preparation in mind, but it does provide a sound base for further work in physics.

At present the PSSC course is being used in only one class. It is felt that the course is going well and that the students are benefiting from it. Its use in other physics classes next year is being seriously considered.

FRENCH

This year the French Department has incorporated an updated "Audio-Visual" approach to the teaching of French at

the beginning level of instruction. In addition to the text used by the student of French I, individual records are given to the student for each unit. Film strips and tapes are used for each new unit introduced.

ART

The program has been greatly enriched at the Junior and Senior High School level with the use of a room all our own which limits the size of the class, enabling each child to be helped during the course of the period. The aim of the Art Department is to offer and carry out a truly valuable and satisfactory art program. The addition of equipment and the offering of art on a fulltime basis making Art I, II, III and IV available to all senior high students will allow this truly valuable and constructive course to be carried out.

We strive at all times:

To develop a better knowledge and appreciation of art.

To offer educational guidance, to arouse and preserve an interest in art through significant information and activity experience.

To develop emotionally the ability of the student to use discriminative judgment.

To create an appreciation of all the arts and develop one or more of them for leisure time activity.

To discover the child who is talented and provide special training for him and to offer him vocational guidance.

We aim for a continuity between the required course at the junior high level and the elective program of the Senior High School.

F. STATE AUDITOR'S REPORT

Report of an examination and audit of the Accounts of the
PETERBOROUGH SCHOOL DISTRICT,
for the Fiscal Year ended June 30, 1965 made by

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 6, 1965

The School Board
Peterborough School District
Peterborough, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Peterborough School District for the Fiscal year ended June 30, 1965, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1964 and June 30, 1965, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$21,119.74 during the fiscal year ended June 30, 1965.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures

—Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1965, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$17,231.50, less a net overdraft of appropriations of \$13,442.77, resulted in a net budget surplus of \$3,788.73.

Summary Statement of Receipts and Expenditures: (Exhibit E-1).

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1965, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1965, is indicated in Exhibit E-2.

Statement of School Lunch Account: (Exhibit F)

A statement of the School Lunch Account for the fiscal year is contained in Exhibit F.

Statement of School Tax Account: (Exhibit G)

Exhibit G presents a statement of the School Tax Account with the Town of Peterborough. As indicated therein, as of June 30, 1965, the School District had received from the Town, the total amount of the 1964-54 School Tax of \$372,700.65.

Statement of Bonded Debt: (Exhibit H)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1965, showing annual debt service requirements, is contained in Exhibit H. There was also outstanding as of June 30, 1965 a short term note in the amount of \$12,865.00.

GENERAL COMMENTS

Current Surplus:

It is noted that the current surplus (excess of total assets over current liabilities) increased from \$799.86 to \$3,984.60, during the fiscal year ended June 30, 1965, as shown herewith:

	June 30, 1964	June 30, 1965
Total Assets	\$12,333 48	\$14,778 91
Current Liabilities	11,533 62	10,794 31
Current Surplus	\$799 86	\$3,984 60

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Peterborough School District for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson
Edgar O. Pesquera, Auditors
George L. Russell, Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

August 6, 1965

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Peterborough School District for the fiscal year ended June 30, 1965. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District on June 30, 1965, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson
Edgar O. Pesquera, Auditors
George L. Russell, Accountant

PART V. CHILD ACCOUNTING

A. Graduations from High School

1965

Ninety-eight students, as compared with seventy students in 1964 and with fifty-two in 1963, were graduated from Peterborough High School in June 1965.

Following is a list of the graduates:

Beverly Abbott, Edwin Adams, Beverly Atkinson, Nancy Babneau, Charlene Banker, Linda Barber, Richard Bastille, Norman Belmore, Lorraine Bennett, Nancy Blair, Elise Bott, Michael Bourgoine, Deardra Boutwell, William Burt, James Callum, George Carlson, Roger Cilley, Wayne Cornwell, Glen Courser, Stephen Cushing, Joyce Daly, Thomas Dart, Meredith DeLill, Jeffrey Dube, Linda Dunbar, Luana Dunbar, Richard Dunning, Martin Eddy, Charles Eggert, Susan Emery, Marsha Evans, Mary Evans, Christine Fassl, Francis Ferry, Wendy Fetzner, Stephen Fontaine, Peter Gay, Horst Gebauer, George Haskell, Nancy Holden, Linda Hopkins, Constance Jackson, Charles Johnson, Judith Johnson, Thomas Keenan, Kathleen Knicely, Roberta Lane, Murray Latti, Gregory Lawn, David L'Ecuyer, Linda Lightbody, Michael Lord, Stephen Lowe, Frank Marro, Bruce Martin, Judy Mason, Joseph Naylor, Roger Newton, Curtis Nichols, Janet Nichols, Michael Nyland, Sandra Paige, Linda Phillips, David Rajaniemi, Paul Rajaniemi, Thomas Richardson, April Roberts, Leslie Roderick, Richard Rogers, John Sampson, Rowena Sandford, Gae Silegy, Mark Silegy, Jane Silverman, Otto Sirois, Charlene Soule, Deborah Stewart, Philip Stockwell, Donna Sumner, Virginia Sutherland, Bruce Sweeney, James Teates, Manuel Teixeira, Jacques Thibeault, Marilyn Thompson, Richard Tracey, Matthew Varnum, Gary Vickery, Barbara Walker, Judith Walker, Terrance Wallace, Richard Weston, Patricia Wheeler, Jacqueline White, Lyman Whitney, Marsha Whitney, David Worcester, Virginia Zanga.

The following is an indication of what these students are doing now:

Attending four-year colleges	32%
Attending other post-secondary schools	27%
Employed	27%
Armed Services	8%
Married	4%
Unaccounted	2%

B. STATISTICS FOR THE YEAR ENDING JUNE 30, '65

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. HEALTH

The concept is held by many authorities that there is a relationship between a pupil's health and his ability to make the most of his educational advantages. It is recognized that health has a broad base that must include physiological, anatomical, emotional and nutritional factors, as well as adequacy of medical care. It was with this concept in mind that objectives for school health services were planned.

Responsibility for the health care of children lies, of course with their families, but with a partnership of education and medicine, parents may expect some support from the school. The Joint Committee on Health Problems of the National Education Association and the American Medical Society suggests that the following are functions of a school health team:

1. To appraise the health status of pupils and personnel.
 2. To counsel pupils, parents and others concerning appraisal findings.
 3. To encourage the correction of remediable health problems.
 4. To assist in the identification and education of handicapped children.
 5. To provide emergency service for injury or sudden illness.
- With these statements as a guide, and with the helpful co-operation of the teachers, administrators, guidance counselors and community agencies, the Peterborough Consolidated School Health Services can report some progress this year.

The United States Public Health Service has initiated a nation wide program to bring the immunization status of the population to a maximum. Administration will be a state-by-state basis. The New Hampshire Dept. of Public Health has appointed a Director for the project, who hopes to involve both private physicians and school health services within the next year.

Three preventive programs were held this year, under Dr. Mason's direction.

1. A "pick-up" clinic for children who had not received all three types of Sabin Oral Polio Vaccine. Two hundred fifty-five doses were given to one hundred children, bringing the total of protected children to approximately ninety-nine per cent.

2. "Flu" Vaccine was given to those staff members who wished to have it.

3. Heaf Tuberculin Tests were given, with parental permission, to pupils in the first, fourth, eighth, and twelfth grades. Positive reactors were given the Mantoux Tuberculin Test, and the four children who still had positive readings were x-rayed, with their families, at the annual chest x-ray clinic offered through the New Hampshire Tuberculosis and Health Association. No active cases of tuberculosis were discovered.

Dental health education was given an added incentive. As is their usual custom, the Parent Teachers' Association provided funds to match those provided by the Division of Dental Public Health of the N. H. State Public Health Department for the dental clinics. Also, an excellent dental health film was shown to the three upper grades in the elementary school during Dental Health Education Week.

The Student Health Fund, also a Parent Teachers' Association project, has made it possible to quietly provide needed medical care, emergency dental care and other essential needs. Twenty-four thousand vitamins were supplied to children in grades one through six, with parental permission. While this program is practically self-supporting, through the penny a day paid by most of the children, the Health Fund makes up any deficit.

Nine hundred eighty-nine vision screenings resulted in forty-seven pupils being referred. The Lion's Club has continued to provide funds for correction of vision problems when necessary. Also, nine hundred twenty-three pure tone audiometer tests (hearing screening) were given, with eighteen children referred. All but three are under medical care.

Eight classes a week were held for Junior High pupils. Grade 7 studied units on physical health, while grade 8 discussed growth and development as a means of understanding behavior—especially their own. As in the past, some time was

spent with Mrs. Faunce's Family Class as a supplemental resource.

Dr. Mahlon Mason, School Physician, gave health appraisals to four hundred ninety-three children. Seventy-six others were examined by their private physicians. All children new to the school system, those who were found to have had health problems last year, those referred by teachers, and pupils of the first, fourth, seventh, tenth and twelfth grades were included.

Sixty-one children suffered accidents requiring medical care. Most of the cost was covered through pupil insurance, carried by approximately sixty-six percent of the student body.

Many hours were spent making home visits, in parent conferences at school, and in discussion of their health problems with pupils. Close cooperation between the Administration, Guidance and Health groups, based on a knowledge of the close relationship between physical and emotional health, has made it possible to assist in some measure some of the pupils who are ill or upset.

Statistics for the 1964-65 school year are as follows:

Health Appraisals:

At school	493
By private physicians	76

Immunizations:

Flu Vaccine (Staff)	24
Sabin Oral Polio Vaccine (100 children)	doses 255

Tests:

Heaf Tuberculin	289
Mantoux Tuberculin	19
No. positive	4

Chest x-rays:

Students	20
Adults	45
No. with active tuberculosis	0

Vision Screenings

B. SCHOOL STUDY COMMITTEE**REPORT OF THE PETERBOROUGH SCHOOL
STUDY COMMITTEE, 1965****PURPOSE**

The Committee appointed under the amendment to Article 9 in the warrant for the adjourned school district meeting held in June 1965 was charged "with the responsibility of preparing a plan for expanding school facilities consistent with our educational needs and with due consideration of our tax burden."

INTRODUCTION

For Peterborough to continue its commendable progress in education, it is necessary to take action today to be equipped for the challenge of tomorrow. Peterborough has always demonstrated concern and interest in education. Evidence of this is seen not only in the goals of the present high school program, but also in the support of the Monadnock Community College and other educational and cultural activities. The Committee feels that this attitude, and the willingness to support it financially, helps make our region an unusually desirable place to live and stimulates the entire economy. In order to maintain these objectives, it will be necessary to expand school facilities from time to time. Today we are faced with such a need.

Concurrent with the consideration for a new building, one must recognize that school district organizational structures which long served the purpose are being made obsolete and inadequate by the expanding demands placed on them, administratively, financially, and educationally. The opportunity to review this structure must be considered an integral part of our building program.

The work which must be accomplished before a new school can be opened must proceed on a regular scheduled basis to assure final success of the venture. The encouragement and support of the community are essential.

METHOD

To carry out this assignment, the Committee assembled a body of facts and reference materials; reviewed the status of Peterborough's educational objectives; made an audit of present facilities; researched and projected enrollment trends; conferred with numerous individuals and committees, including those who had previously studied the problem; coordinated and consulted with local and state school officials; engaged the services of a team of educational consultants; defined the issues; developed and

examined alternatives; and then formulated a plan of action.

SUMMARY OF FINDINGS AND CONCLUSIONS

The Committee's study of the many factors relating to Peterborough's school facility expansion needs indicate that these needs can best be met by constructing a new building for the high school and then allocating the existing PCS building complex for elementary growth purposes.

Projected enrollment and audit of the utilization of existing facilities suggest the present all-grade use of PCS buildings can be stretched out to 1970. The new high school building must be ready for occupancy by that date.

The Committee estimates that a new high school will cost between one and a half and two million dollars. The exact cost will be determined by detailed building specifications and cost trends at the time.

Qualification for 55% state building aid and a broadening of the bonding and tax base is essential. For this reason, in addition to important educational and administrative benefits, the Committee recommends reorganization of sending school districts into an all-grade cooperative system. This must be achieved before building construction begins in 1968.

RECOMMENDATIONS

The Committee recommends the following plan of action for expanding school facilities:

1. Stretch out all-grade use of PCS facility until a new high school building is ready for occupancy in 1970.
2. Reorganize into an all-grade cooperative school district before 1968.
3. Start construction of a new high school building by 1968 for occupancy in 1970.
4. Use PCS facilities for elementary school expansion needs after 1970.

REPORT

1. Educational Objectives

The findings of the Committee indicate that the town desires a comprehensive, better-than-average, education for its children, with adequate buildings and good teachers who can help mold the "citizens of tomorrow."

Natural growth and the implementation of these objectives have brought the town to the realization that the school plant, with its latest addition completed in 1955,

cannot continue much longer to provide the educational services it desires. While the present building was planned to accommodate over a thousand students, it finds itself pressed for more space with its present enrollment of 914 pupils.

2. The School Program

Peterborough provides an excellent array of offerings to its students. Many larger schools would be hard put to match what we have. The varying needs of students are met by courses in many fields of interest, by ability groupings and by basic "tracks." The enviable objective in meeting individual differences creates the need for classrooms independent of the number of students available to fill them. Because of the relatively small number of high school students we have, this results in a large number of small classes (average class size is approximately 17) and a low student/teacher ratio ($13\frac{1}{2}$). This is expensive both in terms of space and operating dollars. It is this large number of small classes that is currently taxing the existing facilities out of proportion to the number of students involved and creating a pressure for building expansion. The student/teacher ratio has a major influence on per pupil educational costs.

The Committee recommends that the program be reviewed to insure that maximum educational value is obtained from the space and money available. It must be recognized, however, that a major part of the problem will solve itself naturally as the student body grows in numbers.

3. Audit of PCS School Building Conditions

An audit of the conditions at the PCS school building complex revealed the following:

1. The large number of small classes at the high school is contributing to a shortage of classrooms. This can be misunderstood as a shortage of space. As adjustments are made in seeking enough rooms for the ever expanding secondary program, this shortage has resulted in symptoms of overcrowding, such as the scheduling of junior high study halls in the back of junior high subject classes and a tendency toward larger elementary grade classes.
2. The cafeteria is overcrowded and uncomfortable. This room is not adequate for the number of students served.
3. Specialized facilities at the school are less than satisfactory. The science laboratories are some-

what makeshift, with one exception. The art room is handicapped from a number of dimensions. The music room behind the stage is penalized. The vocational shops suffer from what appears to be uncertainty as to their objectives, which have not been clearly defined by the town.

4. The recreational area as presently utilized for all-grade outdoor programs needs special attention from a safety point of view. There is no separation between the younger elementary children at play and concurrent high school games.

4. Enrollment Projection

A study was made of the factors which influence enrollment at PCS. Population trends were examined in each of the towns which send students to PCS or are in the Peterborough-Jaffrey Supervisory Union. In addition, the school census of children in each town up to the age of 18 was examined and correlated. From this was derived a projection of pupil enrollment in PCS for a ten year period. These figures indicate a total enrollment of about 1013 by 1970 and approximately 1100 by 1975. Current enrollment is 914. After careful deliberation, the Committee concluded that plans for a new building should be based on the five year projection and that this projection should be updated as each year passes. In this way adjustments can be made on target dates, making a new building available somewhat sooner or later than originally planned.

5. Evaluation of Existing PCS Buildings

The PCS building complex was built in stages. The oldest section, originally the high school, was constructed in 1925; the newest section, used now for elementary and junior high, as well as the high school, was constructed in 1955. Not including the cafeteria or gymnasium, some forty classrooms are currently available for teaching purposes.

The elementary school wing was not designed for expansion as a high school. In addition, the high school already suffers from the lack of facilities designed to meet the requirements of programs which have been greatly expanded since 1955. On the other hand, most of the high school rooms are standard type which are easily adapted to the elementary curriculum.

In light of the above, the Committee concludes that:

- (1) the existing PCS building is only suitable for elementary school expansion, and
- (2) new building needs must be considered in terms of a high school.

6. Enrollment Limits of PCS Building

The maximum capacity of PCS in terms of school population is estimated to be around 1000 students. If anything, this number may be a little low. Presently we have 914 students, and the 1970 projection indicates about 1013.

As previously mentioned, today's pressure for expansion can be attributed more to the shortage of classrooms rather than an overpopulation of students.

7. Recommendations for Stretching Out Use of PCS

It is the judgment of the Committee that the all-grade use of the PCS facilities can be stretched out until 1970. This will allow time for the construction of a high school. In order to accomplish this, we recommend that reasonable adjustments be made in program, class size, classroom size, and utilization of space. This should eliminate the need for study halls in back of subject classes in junior high school, allow for smaller elementary school classes, and provide for expected growth.

In the event of unforeseen circumstances or other special considerations, the stretch out period can be protected by making use of extra classroom space which the Committee understands could be made available within our Supervisory Union.

The recreational area should be expanded to separate older and younger students by preparing a portion of Larrabee land.

The cafeteria problem poses a difficult question, since an expansion of this facility may not be warranted in light of pending school construction. Reasonable funds, however, should be made available to make the best of a bad situation.

The specialized high school facilities will have to await the completion of a new high school building before any appreciable improvement can be expected.

8. Target Date for New High School

The Committee concludes that PCS can be stretched out to 1970. A new high school must be ready for occupancy by that date. Construction must begin by 1968.

9. Costs and Financing of a New High School Building

It is estimated that the cost of a new high school will be between one and a half and two million dollars. The exact amount will depend on the number of towns participating, community attitudes influencing building specifications, and cost trends at the time.

With such a sizeable investment, additional state aid is essential. We now qualify for 30% state aid, which would be nearly doubled — to 55% — by qualifying as an AREA or Cooperative school district. This must be accomplished before the construction of a new high school can begin in 1968.

10. School District Organization

The Committee compared the characteristics of three alternative school district organization structures which would qualify for 55% state building aid. These were AREA, co-op grades 9-12, and co-op grades 1-12. The Committee favors co-op 1-12 for the following reasons:

1. **Administratively** — simplest and most sensible lines of communication within the structure. This would allow the Superintendent of Schools to concentrate on the operation of the school system, since there would be only one school board.

2. **Educationally** — the most effective because it includes all grades.

3. **Financially** — most attractive since it expands the bonding and tax base, raises bonding limits to 10%, and provides more of an opportunity for operational economies.

11. Cooperative School District Organization Grades 1-12

The all-grade cooperative school district which we envision would include those towns currently sending students to PCS. This could be expanded to include other towns. There would be a central high school. Local elementary schools would continue to be utilized for the foreseeable future.

The Committee concludes that an all-grade co-op school district organization would provide the following educational, administrative, and financial benefits:

1. Educational Benefits

- a. **Elementary** — The all-grade cooperative organization would have a major educational impact on elementary schools. There is opportunity for ending multigrade classes, improving coordination in curriculum, attracting and holding the best teachers and administrators, and making available to all schools specialists such as those in the fields of art and music.
- b. **High School** — Peterborough has already achieved the broad program of offerings which has motivated the formation of most cooperatives. Nevertheless, the high school will benefit greatly by the

uniform elementary foundation students will have received in the cooperative elementary schools. This will save classroom time and needless repetition.

2. Administrative Benefits

In the opinion of the Study Committee, one of the major benefits of an all-grade cooperative system would be the simplification of the school district organization. The large number of school boards would be reduced to a single unit, thus giving the superintendent of schools the opportunity to concentrate more of his time on the operation of the school itself. This is critically important in view of the comprehensive educational objectives which Peterborough endorses.

3. Financial Benefits

Another advantage of the all-grade cooperative district is the broadening of the bonding capacity and tax base. When the total valuations of all the towns are available as a foundation, the bonding capacity is substantially increased. State aid is increased to 55% from its present 30%. The bonding limits are raised from 7% of the total equalized valuation to 10%. Still another attractive feature is that state aid applies to the outstanding debt on all existing buildings in the cooperative district.

12. Role of the AREA School Planning Board

Last March, the Town of Peterborough re-expressed its interest in reorganization of the school district. At that time, it voted to join with the tuition towns in the creation of an AREA School Planning Board. This Board by law is the organization responsible for preparing a specific plan for school district reorganization. The life of this group extends to 1968.

The School Study Committee reminds you that the implementation of our recommendations can be accomplished only through the mechanism of the AREA School Planning Board. We urge your interest in and support of this Board.

The Committee expresses its appreciation to all those who have participated in this effort. In particular we wish to acknowledge the assistance of Dr. William Kelly, our Superintendent of Schools, who worked closely with us in the formulation of our plan.

PETERBOROUGH HYMN

A. D. 1620

God our Father!
 Glory Lord, to Thee!
Before whose voice
 Is mute the thund'ring sea!
Through wind and foam
 Thou lead'st us home—
To Thee be glory through eternity.

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die!
Silence your loud alarms
God is our Shield from harms—
He will make strong our arms.
Christ, who hath calmed the wave,
Christ will uphold the brave.
Christ, our Saviour!
 Father of our Faith!
To Thee we bring faint hearts and failing breath,
 Be Thou our Guide!
 With Thee we bide,
To love, to labor, and to hope till death!
